NEW RAILWAY NEGOTIATIONS

Canadian Lines Asked to State Attitude

No Strike While Minister's Plan Tried

Montreal, Sept. 11.—The Canadian Railway Association this morning sent the following reply to the Minister of Labor's letter asking the railway companies to take the initiative and open up direct negotiations with the railway shophmen to avoid the threatened strike:

"Your night letter of the 10th instant received this morning. As requested, we immediately take up with the interested railways the question of further negotiations with representatives of shophmen concerning definite rates of pay. Will inform you as to their views as quickly as possible."

The communication is dated September 11 and signed by the secretary of the Railway Association, C. H. Riddell. It will take some time, it is pointed out, for the association to ascertain the views of the companies with regard to the reopening of negotiations with the men, as there are altogether ten railways to be considered and most of the representatives are in other parts of Canada.

Montreal, Sept. 11.—Leading officials of the Canadian railway companies went into conference this morning following the receipt of a telegram from Hon. James Murdock, Minister of Labor, urging the companies to take the initiative and open direct negotiations with the railway shophmen for a permanent settlement.

The telegram was received at the offices of the Railway Association of Canada at 2 o'clock this morning and immediately on receipt of it, C. H. Riddell, general secretary of the Association, left for the offices of the Canadian Pacific Railway. There, in the office of the vice-president, H. Hall, representatives of the Canadian railways assembled to decide what action should be taken on Mr. Murdock's telegram. The conference lasted the entire morning.

Railway shophmen are waiting the outcome of the Minister of Labor's message to the railways and are disinclined to take any action known.

Move Awaited

"The next move must come from the railway companies," said Frank McKenna, vice-president of Division No. 4, Railway Employees' Department of the American Federation of Labor, "and I am not prepared to offer any further comment until I know what that move is."

The shophmen of Montreal were not in receipt of the Minister of Labor's reply to Secretary Charles Dickie's communication that a strike would be called in a few days, though the Minister's letter urging that the men promptly endeavor to obtain a peaceful settlement has been published in the press.

Desire Understanding

"We are gravely concerned because we have not received this important letter," said Mr. McKenna. "We are anxious to avoid a break and will leave no stone unturned to try to reach an honorable understanding."

But the shophmen would expect the cut in wages announced as from August 15 by the conciliation board to stand in abeyance pending reopening of negotiations, he intimated.

Notices Posted

Bitter complaints, Secretary Dickie declared, had been received by him from shophmen at various points that notices had been posted in shops advising the men of such a wage cut. August 15, before the findings of the board of conciliation had been officially announced.

R. J. Tison, president of Division No. 4, representing the machinists, and A. M. Davis, representing the boiler-makers, are in Chicago attending a conference of the pay committee of the Railway Employees' Department of the American Federation of Labor, "deserves something better from all concerned than a strike at this time."

"Public interest demands, in my view," he wired last night to C. P. Riddell, general secretary of the Canadian Railway Association, Montreal, "that the railway companies should have particular regard to the aspect of the board's findings which contains the recommendation that the question of a permanent wage rate should be taken up for further negotiation. The employing railways without delay intimate to the employees involved their readiness to take up this important matter, and it should be exceedingly clear if your association would notify its members accordingly."

Canada and United States

"In the third paragraph of your letter you suggest that the findings of the board are of such a nature as to discredit the Industrial Disputes Investigation Act and to demonstrate its ineffectiveness. Reflection will surely suggest a modification of this view."

"In the United States, with no industrial disputes investigation act in effect, a dispute is practically identical with the one now under consideration arose, and a strike followed and has continued in effect since July 1."

Present Situation

"We are now confronted with this situation. The employing railways have notified the undersigned of their acceptance of the findings of the board and your committee has intimated that the findings are not acceptable and that the question of a

MEAN TO ADD TO FARM POPULATION

Federal Ministers Rounding Out Immigration Scheme

Careful Survey of Countries Offering Migrants

Ottawa, Sept. 11.—Careful selection in the country of origin and wise direction after settling in Canada is the keynote of the Government's immigration policy announced by Hon. Charles Stewart, Minister of Immigration and Colonization.

It is hoped by this means to people Canada's western plains, and to prevent the flow from the land to the cities during the winter months.

The first step under the new policy will be to make a careful survey of the countries from which it is proposed to draw settlers. Each year there will be held a conference of representative immigration officials and field workers at which the year's programme will be mapped out. Closest co-operation will be maintained with the Provincial Governments. The main efforts will be directed toward securing suitable agricultural workers, encouraging the Canada Colonization Association and repatriating Canadians who in recent years have gone to the New England States.

Full Consideration

After stating that the Government has given considerable attention to the needs of Canada with regard to (Continued on page 2.)

PENNSYLVANIA MINERS RESUME

Workers Return to the Anthracite Pits

Operating Under Agreement Ratified Saturday

Wilkesbarre, Pa., Sept. 11.—In striking contrast to the idleness of the last five months, the anthracite fields to-day were scenes of feverish activity when most of the 155,000 mine workers who responded to the strike order of their union on April 1 returned to work. Many of them did not wait for the formal signing of the agreement, which was ratified Saturday by their district convention, but were waiting at the mines when the whistles blew at 5 a. m. Signing of the new wage scale by union officials and representatives of the operators was set for 11 o'clock.

John J. Lewis, president of the miners, declared that at least 98 per cent of the men were satisfied with the new scale, and that a great majority would resume work to-day.

NEW TUNNEL FOR MINE RESCUERS

California Workers May Make Changed Effort

Trying to Reach Forty-seven Entombed Men

Jackson, Cal., Sept. 11.—Discovery last night of a 120-foot stope above the 3,600-foot level of the Kennedy Mine may bring rescue workers directly to the final barrier of rock on this level, and may cut down by several days the time required to batter through into the Argonaut mine, where forty-seven men have been entombed by fire since two weeks ago last midnight. It was announced to-day by V. C. Garbarini, superintendent of the Argonaut.

Garbarini is exploring the stope, and said he would be able to determine to-day whether the stope is open, or whether it is in such a shape it would not be safe to rescue work. He expressed the opinion, however, that his examination had tended to show that it was not only open, but feasible to use.

If this stope is used instead of the 3,600-foot level, it means that approximately 100 feet of rock will have to be drilled instead of 75, but the entombed gold miners would be reached several days sooner, it is thought.

Negotiations

"The railways, in accepting the recommendation of the board, have committed themselves to adopting the board's suggestion with reference to a renewal of direct negotiations, and I shall at once impress on the railway authorities the importance of talking at once the initial steps in this direction."

"May I, with confidence, assume that your committee will promptly undertake direct negotiation with the representatives of the railways to ascertain if agreed undertakings as to permanent wage rates can be reached."

PREMIER SMUTS VISITS HARBORS OF ZULULAND

Government and Strikers Be- fore Chicago Court

Judge Denies Strikers' Motion for Dismissal

Chicago, Sept. 11.—Federal Judge James H. Wilkerson to-day denied the motion of attorneys for the railroad strike leaders that the Government's bill for a permanent injunction be dismissed.

"I am not prepared to decide at this time that the bill fails to set up any grounds for relief," the court said.

Attorney-General Daugherty was supported by one of the most formidable legal battalions the Government has ever thrown into one court action.

Arrayed against the Government's attorneys and denying the charges of widespread conspiracy of vandalism to cripple the nation's transportation machinery was Donald R. Richberg, attorney for the striking shophmen, against whose leaders and members the Government's action was directed.

Much Evidence

The Attorney-General and his assistants had two cartloads of evidence, tools of destruction, thousands of telegrams, letters, photographs, blueprints, books and transcripts of statements of some 17,000 individuals. Secret service operatives protected Mr. Daugherty and Judge Wilkerson.

The evidence was gathered, federal agents said, from all parts of the country by Government operatives the past two weeks.

Twenty-Five Murders

In connection with charges that there was a widespread conspiracy for violence during the strike, Government men mentioning twenty-five murders, the tampering with 40,000 railroad cars, the burning of fourteen bridges and the damaging of many locomotives.

Denying the existence of such a conspiracy by the railway unions and demanding that Judge Wilkerson vacate the injunction, Attorney Richberg built up his defence on the ground that the Government had failed to make a case against the unions, that the injunction was in violation of the Clayton Act, and that the Government was in contempt of court.

To Prevent Violence

Concerning the sabotage charges, Attorney Richberg said the position of the shop crafts regarding vandalism or any acts of violence in connection with the strike had been repeatedly stated from time to time since the inception of the walkout.

"The railway union has not agreed that perpetrators of any violence in connection with the strike should be harshly punished, but also have sought to co-operate with the proper authorities to prevent any illegal acts. The union leaders have time and again warned the membership against any lawlessness."

Impeachment

Mr. Martell asked Mr. Hager if he did not think it would be preferable to have a Minister of Fisheries with a separate administration, with a Minister responsible to the Cabinet and the Cabinet to Parliament?" he inquired.

Mr. Hager—We have always been working with that end in view, but the Governments of the past have not seen eye to eye with us on that point.

Fisheries Suffer

Mr. Martell said that with the Department of Fisheries and Marine under one portfolio the tendency was to attack much important work in the marine branch at the expense of the fisheries. If there were two separate Departments the situation would not be improved because they would not have to report to the one minister whose bias would still remain. There had always been a tendency to laud the marine by the ministers and the officials.

No Difference

William Duff, the chairman, remarked that if only a Deputy was appointed, it would be some time before there would be no difference except in name from the present arrangement. He thought the fault of the officials that under consideration had been given to marine over the fisheries. The fault lay with the Government, not the past fifty years in not appointing Ministers who were familiar with the phases of work that came under their administration. To-day they were recognizing the need for a farmer as a Minister of Agriculture and a labor man as Minister of Labor, and why not a man expert in the fishery business as a Minister of Fisheries? Mr. Lapointe was an able man, but it did not follow that he was the proper man for the administration of the fisheries affairs of Canada.

Mr. Martell: A competent Minister of Fisheries with an expert staff would save money in the end. At the present time marine gets two-thirds of the time of the Department of Fisheries as administered by men of Labor.

DR. WELD DIED

RATTENBURY FINDS RARE VOLCANIC ASH

Through It B.C. Will Control Polish Market, He Declares

Frank Rattenbury, capitalist and inventor, to-day announced the discovery of a large deposit of a remarkable volcanic ash which, when commercialized, he claims will compete with the products of the eastern companies manufacturing Dutch Cleanser and other polishing compounds.

Experts of the Department of mines in their laboratory back of the Parliament Buildings are now carrying out analyses and experiments with the material Mr. Rattenbury has discovered.

Tests carried out so far indicate that it can be used for cleaning and polishing gold and silver plate without damage to the plate. Tests run by Mr. Rattenbury on gold watches resulted in perfect polish without a scratch on the high metal finish.

Mr. Rattenbury said that as a result of his discovery another new industry will likely be started in British Columbia as he can turn out a cleaner and polisher from the material at a cost much lower than that possible for companies manufacturing compounds.

According to present plans Mr. Rattenbury will seek to control the Provincial market first and with that secured will launch out into the national and international fields.

OBITUARY RECORD

There passed away at a very early hour Saturday morning at the Royal Jubilee Hospital Margaret Morris, a resident of this city for the past two years, former residence Nanaimo. The late Mrs. Morris was aged fifty-nine years and a native of South Wales, England. She leaves to mourn her loss one son James, of Nanaimo; three daughters, Mrs. J. Masters, Mrs. E. Exton and Ellen, all of Victoria. The remains are reposing at the Thompson Funeral Home, 1625 Quadra Street, until Monday afternoon, when they will be forwarded by the 3:30 o'clock train to Nanaimo, where the funeral will take place on Wednesday afternoon at 3:30 o'clock. The remains will be laid to rest in the family plot there.

The remains of the late Baldwin Goodwin, who passed away at the Royal Jubilee Hospital on Wednesday, September 6, were laid to rest on Saturday afternoon. Service was held at the Thompson Funeral Home, 1625 Quadra Street by the Rev. William Stevenson, of the Emmanuel Baptist Church. The hymns sung were "Jesus, Lover of My Soul" and "Abide With Me." There were many friends present, and many beautiful floral tributes showing the high esteem in which the late Mr. Goodwin was held. The following acted as pallbearers: Messrs. T. Anderson, S. Johnson, C. Sivertz, J. A. J. Lindal, O. Simpson, P. Christianson. Interment was made in the family plot at Ross Bay Cemetery.

The death is announced of Mrs. Jean Crawford-Brydges, taking place last night at the residence of her daughter, Mrs. Algonquin Pease, 101 Gorge Road. The deceased lady was 71 years of age and was born in Montreal. She had lived for the past three years in Victoria. The B. C. Funeral Company are in charge of arrangements, and the casket will be forwarded to-night to Vancouver, where cremation will take place tomorrow morning.

The funeral took place this afternoon from the B. C. Funeral Chapel of Tong Hong Yuen, whose body was found in the Harbor on Saturday. Interment will take place in the Chinese Cemetery.

Funeral services were performed yesterday afternoon at the B. C. Funeral Chapel for Ellen McFarland, the impressive rites being conducted by the Rev. W. L. Macdonald. Many friends were in attendance and numerous beautiful floral tributes were received. "Sun of Soul" was sung at the ceremony, and the following acted as pallbearers: Captain W. D. Owen, Captain J. W. Butler, Captain J. W. Arnold. Interment was made in Ross Bay Cemetery.

The funeral of the late John Grant Miller, who passed away at his home, 418 Constance Ave., last Friday, took place this morning. The service was largely attended by relatives and friends, and the floral tributes were numerous and beautiful. Rev. B. Black officiated, the hymns being "Abide With Me" and "Take the Name of Jesus With You." Messrs. James Roney, R. D. Stephens, A. McBeth, A. Reid, O. Sullivan and J. Ward acted as pallbearers, and interment was made at Ross Bay Cemetery.

The funeral took place on Saturday afternoon of James Kingberry, of the "Maple," Mount Tomin. The service was conducted at St. Luke's Church, Cedar Hill, by the Rev. N. E. Smith, of St. Barnabas Church, and "Abide With Me" and "Rock of Ages" were rendered impressively during the service. A large attendance of friends were present, and many beautiful flowers covered the casket. Interment was made in the cemetery adjoining the church, the following acting as pallbearers: Messrs. F. Crawford, W. Stewart, B. Watkins, H. Watson, L. W. Meadows and J. P. Carrold. McCall Bros. had charge of the arrangements.

CHAMBER WILL WELCOME MISSION

Several Important Delegations Due Here Shortly

The Chamber of Commerce in co-operation with all local clubs will entertain the Railway Passenger Agents and the members of the Montreal Board of Trade, when both parties arrive in Victoria on September 19.

It is planned to hold a dinner in honor of the visitors and they will be taken for a drive around the city. As the British Empire trade delegation will arrive in the city on the S. S. Niagara on Saturday morning it was decided at to-day's meeting of the directors to appoint a special committee of the Chamber to see that the visitors in the various delegations are properly entertained.

Mr. Cuthbertson, of Glasgow, was a guest at to-day's luncheon. He was here to meet the Empire Trade Commissioners, of whom there are four gentlemen and three ladies.

Entertainment Plans.—The directors reported on the plan of entertainment of the Commissioners, who will be given an opportunity to investigate industrial and trade conditions as well as enjoying the several social functions provided in their honor.

As the Commissioners are coming here in the interests of the British Empire Exhibition in London in the year 1924 an opportunity will be given the guests to address local business men.

Sir Arthur Currie will occupy the Montreal Board of Trade party in which there will be a number of prominent British and Canadian parliamentarians.

A Trades License Committee on which two members of each line of business would be appointed was recommended by the Retail Merchants' Section of the Chamber.

The duties of the committee would be to go thoroughly into the proposed trade licenses advocated by the City Council. The directors approved of the formation of a committee.

Mark Graham was appointed chairman of the committee on committees, and Alfred Carmichael will head the Forum Committee.

Mr. Alcock, of the Liverpool Chamber of Commerce, and Capt. Payne, of the Victoria-Anacortes ferry service, were guests at to-day's luncheon.

TAXATION PLANS ARE ADVANCED

Chamber of Commerce Directors Hear Suggestions

"Taxation should be based on benefits received, tempered by ability to pay," Major Holmes, of the Chamber of Commerce special taxation committee, told the directors at to-day's luncheon at the Dominion Hotel.

"The difficulty to-day is that people are not willing to pay for benefits received," said the speaker, who said that the per capita taxation of Victoria was higher than in any other city in Canada.

Referring to the question of unemployment and the city's responsibility in this respect, Major Holmes condemned the dole system. "As long as the community continues the habit of maintaining these unemployed on a dole, it is not surprising that they will be no return. One city alderman has said that he prefers the dole system because it entails assistance from Provincial and Federal Governments."

"Doles are simply sapping the country. They constitute the greatest evil left over from the war," said Major Holmes, who remarked that the city was still suffering from the too ambitious programme of boom days. He thought too much money was being expended on roads, boulevards and other things.

It was the land owner who supplied all the improvement there was in the city, he said, and he brought the tourists and residents here and for that reason the speaker thought the retail merchant, who secured all the benefit from the arrival of these people, should help bear some of the taxation burden.

Fred Lansberg said that \$5,000,000 worth of property had reverted to the city through the owners being unable to pay taxes. The liquid assets of the city in the past six years have also fallen off in value by half a million dollars, he said.

The speaker claimed that the small business man and the biggest business house in the city paid the same license, and this he considered unfair.

Alderman Todd said that he was glad the Chamber of Commerce was taking an active interest in the taxation question.

AVIATOR KILLED AT POINT GREY

Maj. C. MacLaurin, Drowned This Afternoon

Passenger and Mechanician Were Injured

Vancouver, Sept. 11.—Major C. MacLaurin, officer in charge of the Federal Government Air Station here, was drowned early this afternoon when a seaplane which he was piloting plunged into shallow water on the Point Grey shore. John R. Duncan, of the Vulcan Iron Works here, a passenger, suffered a broken leg, broken ribs and other injuries, while A. L. Hartridge, mechanic, was injured about the back.

Major MacLaurin's body has not yet been recovered. It is under the pump, which is reported wrecked. The plane had left the Jericho station bound for Sumas, where Mr. Duncan intended to inspect the progress being made in the reclamation work there. It had not risen to any great height when something appeared to go wrong with the engine. The craft ran in the beach, water and turned over. The two injured men were extricated, but the body of Major MacLaurin cannot be released until the machine is righted or hauled ashore.

Brought Ashore.—First assistance came from members of a B. C. Telephone Company cable who were working near the cable station. They saw the plane nose dive and scrambled down the banks of a ravine to the beach. They saw that Japanese fishermen were nearby. The telephone men, under the foreman, Andy Peterson, commanded one of the Japanese boats and rowed out to the wreck, bringing Mr. Duncan and Mr. Hartridge to the beach, from where they were removed to the hospital.

Strenuous efforts are being made to recover the body of Major MacLaurin from underneath the plane.

The late Major MacLaurin was well known in this city, where he had been on a great number of occasions in connection with the drug prevention air escort of the Empress liners. He founded the British Columbia Air Station in company with officials of the Canadian Air Ministry and had remained in charge of the Jericho Beach seaplane station since its inception.

How Does She Do It?

SHE hasn't an unlimited amount to spend on her clothes. In fact, you doubt very much whether she has any more than you have. Yet she is always exquisitely gowned. How does she do it?

You meet her on the street. She wears a striking coat. It's not expensive, yet it wins a glance of approval from passersby. For it has a something about it that's different. And when she goes to matinee, a card party, a dance—it's the same story over again. People do single her out.

It's her clothes of course! But, having only a moderate amount to spend, how does she manage to dress so well?

We'll tell you. She has learned where to shop.

At one time she probably bought her clothes haphazardly—here, there, anywhere. And then she came here! She bought once, twice, three times. Each time she was more satisfied with her purchase than before. She found apparel new, smart, moderately priced. She met an unfailing courtesy. And so she has continued to buy here season after

BRITISH LABOR

DELEGATES MET

No Radical Proposals Adopted at Annual Convention

London, Sept. 11.—(Canadian Press Cable)—So far as any noteworthy advance in the Labor programme is concerned, the 54th Trade Union Congress at Southampton ended Saturday in sterility. The only resolution that aroused much enthusiasm, related to the extension of the power of the general council. Extremists saw herein the germ of the One Big Union, but even they seemed to have abandoned the project they previously warmly supported when they learned that many of the moderates were supporting the resolution be-

cause they believed the widening of the sphere of the council's influence would have the effect of introducing moderating counsels, thereby tending to avert extreme measures rather than to extend quarrels.

The final days of the sittings were marked by an embarrassing incident when the Lady Mayor of Southampton, Miss Bartley, accepted an invitation to attend the convention and took a seat in the body of the hall.

The steward requested her to sit in the gallery, whereupon she protested and left the building. In response to a profound apology, however, she returned and was presented with a cheque for 100 guineas, on behalf of local charities.

The business included the election of thirty-three officers, and the appointment of various delegations, including Frank Hodges, to the Canadian delegation.

You may assume that the guest doesn't feel entirely at home unless he scatters his newspapers on the floor.

NOVA SCOTIA COAL MEN TO SIGN PACT

Sydney, Sept. 11.—President Livingstone of District No. 26, United Mine Workers of America, and members of the executive board will meet officials of the British Empire Steel Corporation here this week to sign the recent agreement and adjust minor grievances. The wage rates in this contract were accepted by the mine workers in the referendum vote which brought to an end the strike in the Nova Scotia coal fields.

CHINESE KILLED IN VANCOUVER

Vancouver, Sept. 11.—Wow Ham, a Chinaman from Prince Rupert, was instantly killed when he jumped from a moving electric street car here last night and fell underneath the wheels of a trailer. An inquest will be held.

POSTAL OFFICIALS ARE TO CONFER

Men From Various Districts Called to Ottawa

Ottawa, Sept. 11.—(Canadian Press Cable)—With a view to the interchange of ideas and improvement of the postal service generally, Hon. Charles Murphy, Postmaster-General, has called a representative Dominion conference of postal district officials to be held in Ottawa beginning on Monday, October 2, and continuing on the following two days. The conference is the first of its kind and the calling of further conferences will depend altogether upon the success of the initial one.

The main purpose of the conference will be:

1. To facilitate an interchange of ideas for the improvement of the postal service and to increase its efficiency.
2. To improve the esprit de corps and to encourage the greatest measure of co-operation between the various units of the service.
3. To discuss postoffice matters of general public interest.
4. To elicit practical opinions on matters that are proposed for discussion at a conference between postal representatives of the United States and Canada.

EAST INDIANS TO VOTE IN COLONY

Terms Being Arranged in British East Africa

London, Sept. 11.—(Canadian Press Cable)—It is believed, says a Reuter dispatch from Nairobi, British East Africa, that the final terms for the settlement of the Indian question, which involves certain rights for Indian residents in the colony, will include a common franchise subject to an educational test, and a reservation of the greater part of the high lands for Europeans, but with one Indian district and restricted Indian immigration.

It is understood that the late Governor, Sir Edward Northey, is returning to Kenya to negotiate the settlement.

DIED SUDDENLY

Mount Vernon, N. Y., Sept. 11.—Rev. William A. Granger, 74, president of the New York State Conference of the Baptist Church, dropped dead of heart disease yesterday.

MEAN TO ADD TO FARM POPULATION

(Continued from page 1.)

immigration and declaring its intention to secure the best possible terms of settlement, the Government's memorandum announcing its policy says: "There is a tendency in some quarters to ask why the volume of immigration is not larger and to urge that it be increased. The Government could open the gates and greatly increase the number of immigrants coming from Great Britain and the Continent, where there are many thousands of artisans, professional men and dwellers in cities who would gladly come to Canada. If Canada had more places for city workers these would make most desirable citizens, but with urban employment in its present state it is deemed unwise to add still more to the numbers looking for work in the cities. Our activities for the present must therefore be confined to people who will engage in agriculture and household work and to teen age boys and girls."

Grant Promised.
"A committee representative of the Government had many conferences with the Canada Colonization Association, an organization backed by business capitalists that is going to endeavor to settle annually a large acreage of land lying near the railways in Canada. This organization is endeavoring to work in conjunction with the British Overseas Settlement scheme, as well as bringing settlers with means from Great Britain, the United States, Scandinavia and the Continent. They will also encourage migration from our cities to the country. The Government will assist them with a grant in order that they may thoroughly organize the British welfare scheme."

On Free Lands.
"The Department of Immigration will make a strong drive to secure agricultural workers who will go upon our free lands located in the northern parts of Canada. The Department hopes to work out this scheme in co-operation with the Provincial Governments, which will assist in the direction of those desirable settlers when they arrive in the provinces."

Boys and Girls.
"A very important field, in the opinion of the Minister, is that to be dealt with in bringing to Canada carefully selected boys and girls from Great Britain. J. E. Smart, who is in charge of the juvenile work, has just returned from Great Britain and reports that there are large numbers of desirable children who can be brought to Canada and he is now engaged in working out arrangements for the placing of them in the rural homes in Canada."

Reparation.
"Another promising field is that of the reparation of many of our splendid Canadian people who in recent years have gone to the New England States. It is hoped to attract a large number of them back to Canada."

"The Minister is very optimistic with regard to the future, especially in view of the splendid crops which have been harvested this year throughout Canada, and who, in his opinion, will materially improve conditions. A continuation of our present prosperous conditions will undoubtedly, in the near future, make it possible to absorb not only agriculturists, but those people in other walks of life who are anxious to come to Canada from Great Britain and elsewhere."

SWEETING IS RIGHT

"The long skirt seems to be coming into favor again."
"Yes, and soon it will be sweeping the entire country."—New York Sun.

COULD HARDLY STAND AT TIMES

Hips, Back and Legs would Have That Tired Ache

Everett, Washington.—"For several years I have had trouble with the lower part of my back and my hips and my legs would ache with that tired ache. I could hardly stand on my feet at times. I was always able to do my work although I did not feel good. I saw Lydia E. Pinkham's Vegetable Compound advertised and having heard several praise it I decided to try it. I feel first-rate at the present time. It has done wonders for me and I keep it in the house right along. I always recommend it to others who are sick and ailing."—Mrs. J. M. SIBBERT, 4032 High St., Everett, Washington.

To do any kind of work, or to play for that matter, is next to impossible if you are suffering from some form of female trouble. It may cause your back or your legs to ache, it may make you nervous and irritable. You may be able to keep up and around, but you do not feel good.

Lydia E. Pinkham's Vegetable Compound is a medicine for women. It is especially adapted to relieve the cause of the trouble and then these annoying pains, aches and "no good" feelings disappear.

VANCOUVER ISLAND NEWS

ARE PREPARING FOR FALL FAIR

(Times Correspondence.)
Metochosin—A meeting to arrange final details in connection with the Metochosin Fall Fair was held by the management committee on Saturday evening at the home of E. P. Ashe. The list of donors of special prizes was read by the secretary and the prizes were allotted to the different classes by the committee.

The following is the list of special prize givers:
David Spencer, Ltd., W. A. Jameson Coffee Co., Fletcher Bros., H. O. Kirkham Co., J. C. Thomsen, J. Weller Bros., Williams Drug Store, Amphlett & Howell, H. R. Hammond, Mrs. O. M. Jones, Whitney-Griffiths Bros., P. C. Blake, R. L. Van Der Byle, Hickman Tye Hardware Co., Muir & Son, Watson & McGregor, Vancouver Owl Drug Co. (Late Campbell), Mrs. Barr, Colwood, R. E. Matthews, Dr. Tanner, Dr. Mercer, F. F. Higgs, Department of Agriculture, Copas & Son, A. J. Woodward, Victoria Daily Times, Victoria Daily Colonist.

There will be a special exhibit of fruit from the Metochosin and District Fruit Growers' Association, and a special exhibit of seeds, bulbs, etc., by Mr. P. C. Blake, R. L. Van Der Byle, Hickman Tye Hardware Co., Muir & Son, Watson & McGregor, Vancouver Owl Drug Co. (Late Campbell), Mrs. Barr, Colwood, R. E. Matthews, Dr. Tanner, Dr. Mercer, F. F. Higgs, Department of Agriculture, Copas & Son, A. J. Woodward, Victoria Daily Times, Victoria Daily Colonist.

Attention was drawn to an error in the printing of the entry forms, which reads that all exhibits must be delivered at the Hall not later than 9 a. m. on Wednesday, September 13, it should read 9 p. m.

The secretary reported that well over 400 entries had been received by him and there were still more in the mail.

A delicious supper was served to the committee by Mrs. E. P. Ashe at the conclusion of the meeting.

For Vaccines Fund.
Metochosin is proposed to hold a garden party at William Head Quarantine Station, on Monday, September 18, for the benefit of S. Mary's Vaccines Fund. Among the attractions planned are a tennis tournament, clock, bowls, and the ever popular aunt Sally.

In the event of wet weather, one of the large buildings will be used as a reception room, with the Quarantine staff as hosts, and out-of-door sports will give place to indoor games.

FRUIT GROWERS TO HEAR ADDRESSES

(Times Correspondence.)
Metochosin—Special speakers who will address the first general meeting of the Metochosin District Co-operative Fruit Growers' Association, to be held in Metochosin Hall, on Wednesday, September 20, are C. C. McCarthy, President of the Saar, Fruit Growers' Association, and Caban Forester, Provincial Fruit Inspector. A report of the season's work will be presented by the directors and election of officers will take place.

Sale of Work.
Held at Sidney was a success.
(Times Correspondence.)
Sidney—A very successful sale of work was held on Saturday afternoon in Wesley Hall, under the auspices of the Junior Branch of St. Andrew's. The sale was opened at 3 o'clock by the Rev. T. M. Hughes. The sum of \$36 was raised. The following were the stallholders: Fancyswork and aprons, Miss R. Matthews and Miss G. Harrison; home cooking and candy, Miss A. Linesay and Miss P. Simister; fish pond, Miss V. Wright and Miss G. Simister.

The cake guessing competition was in charge of Miss E. Whiting. Those waiting at the tea tables were: Misses P. Whiting, N. and M. Simister, and P. Parkes.

In the kitchen were: Mrs. Harrison, Mrs. McMullen and Mrs. S. Brethorn. After the evening service at St. Andrew's on Sunday there was a congregational meeting to choose a new people's warden in place of Mr. Wilkinson, who has gone to England. Mr. Forneri was chosen.

At the meeting the wardens were given power to engage a janitor to light the fires and ring the bell.

DISCONTENT IN WEST AUSTRALIA

Vote on Commonwealth Connection Now Proposed

Session of Parliament Brought On by Close Division

(Times Correspondence.)

Melbourne, Australia, Sept. 11.—So strongly does Western Australia feel that its interests are being ignored by the rest of the country that a private member has given notice of a bill for a referendum as to whether the state will continue to remain within the Commonwealth. Lack of assistance in securing immigrants and the consequent slow increase of population in Perth and elsewhere are the chief grievances.

It is doubtful, however, whether the Government will give the proposed referendum its countenance.

A Close Vote.

Only a rush of legislators from a ballroom where they were enjoying themselves without a care in the world, saved the Commonwealth Government from defeat. A snap division in the House was carried by the bare margin of a single vote.

Redistribution of seats prior to elections was under debate. At the same time the Lord Mayor was giving his annual ball. A snap division threatened and the Government whips dashed off wildly in motor cars to the ballroom. There they gathered up the absent Government supporters, dashed back with them to Parliament and just got there in time. If a Farmers' Party member had not missed the division accidentally the Speaker would have had to "re-tain" the Government in office by his casting vote.

Labour Movement.
Room for both the constitutional and extremist elements in the Australian Labor movement has been left by the All-Australia Trades Union Conference.

It adopted a report agreeing that the object of the Labor movement was ultimately the socialization of industry, and that the schools of thought should be propaganda to each but government by loyalty to representative conferences.

The majority in the Australian Labor Party is strictly constitutional; the minority which favors direct action appears, however, to be gaining ground, largely owing to the present campaign for wage reductions.

Attacked Press.

Because the press in Australia is rich, influential and old-fashioned, it has usually commanded great respect. Hence when Senator Benny, of South Australia, in the Upper Chamber made a bitter attack on the whole Commonwealth was electrified.

"It is a shocking thing," he said, "that supposedly respectable newspapers should continually be pouring out the vials of their wrath and malice upon their elected representatives."

Senator Benny went on to accuse the newspapers of representing the interests of a few rich men angry with the politicians because they would not do what the rich wanted. "I feel as if these attacks," he said, "are written by intoxicated office boys of diseased imagination and scurrilous outlook. And he went on to recommend the use of the pillory as in the olden time for those who distributed slanders."

The Senator's reply was to attacks on the Government largely aimed at getting the Prime Minister, Mr. Hughes, to resign and make room for a Liberal to head the Liberal-Labor combination that now rules the Commonwealth.

Boy Bushranger.

With his head full of the exploits of the notorious "Kelly gang" of bushrangers he had read about in books, Norman Baker, a lad of 15, has escaped armed to the bush in the Willunga district and is terrorizing the countryside.

Black trackers and police are hunting him down, but he has declared his intention of fighting "to a finish." Baker robbed at the gun's point the brother of a farmer who had befriended him and incidentally tent with the books in which he read about bushranging. Only a few months ago another lad who turned bushranger in the same state and was shot dead by the police was killed on the same spot. Baker was openly said that when old enough he would imitate him.

National Readjustment.
To split up Australia into a number of new states with lessened powers, more of the character of those possessed by the Canadian provinces, a new movement has come into being in the Commonwealth and is making great headway.

The purpose of the movement is to amend the act creating the Commonwealth so that the Federal Government will have the power of creating new states. Then after this transfer it is proposed to make the creation of new states subject to referendum.

The fullest local powers would be given the states. The idea is to counteract the present preponderance of the great cities of Australia, which exercise political power to the detriment and decay of country districts.

Historic Manuscript.
A valuable manuscript which forms a link with Captain Vancouver, who explored the North Pacific, and particularly the island named after him, has been presented to the Mitchell Library in New South Wales. It is the original journal kept by Lieut. James Burney on board the Discovery, companion ship to Cook's Resolution.

Both Vancouver and Burney sailed with Cook on his voyages. The journal contains a full account of Captain Cook's death at Hawaii.

Aerial Travel.
By airship from London to Australia in ten days and at a cost of \$150 below first class by the present steamship routes is within the prospect of early accomplishment. Sir Keith Smith, brother of Sir Ross Smith, who was killed in the eye of their round-the-world flight in an interview here gave it as his opinion that a Britain-to-Australia air line would be in operation within a few years. The British Admiralty and Government were, he said, just beginning to wake up to the possibilities of the airship for linking up the Empire.

"From the scenic point of view," said Sir Keith, "nothing at sea will beat the experiences of the traveler by airship. The route will include sailing over mountains and jungles and over scenery that no ocean liner can ever approach. Travelers will be able to see sights en route by air that they never can do when at sea."

Sir Keith said that the Indian Government was now willing to bear its share of the cost of the proposed airship service, and the British Government was also agreeable. All that remained was for Australia to pay her share, and he had no doubt she would do so. The route to be followed would be by Marseilles, Italy, Cairo, Baghdad, Bombay, Rangoon, Singapore, Batavia, Darwin and across Australia to Melbourne.

"Anzac Sea."
To commemorate the heroism of the Anzac troops in the Great War it is proposed to rename the Tasman Sea between Australia and New Zealand. The new name is "Anzac."

The movement for the change has become general throughout Australia. Mr. Hughes, the Prime Minister, says he cannot see how the name of the old Dutch navigator which was given the sea can be changed now, but the rest of the country proposes to go ahead and call the sea by its new name, irrespective of the cartographers.

The newspapers in Australia have already adopted the change.

Americans Criticized.
The Australian press criticizes the treatment of Australian passengers at Ellis Island under the American quota system.

R. V. Reynolds, of Victoria, a student missionary, has written home telling how white men, negroes and Asiatics are treated like savages, insulted and kept in dirty rooms in batches of eighty at a time. He was practically imprisoned for a week. The Government here is investigating.

Shipping Merger.
Through the shunt in freights the Australian coastal shipping companies are negotiating for a big ship-

AERIAL SERVICES ARE EXTENDED IN NEWFOUNDLAND

St. John's, Nfld., Sept. 11.—The Aerial Survey Company is making preparations for extensive flying operations in Newfoundland during the coming Winter, and three planes have arrived in Botwood from England.

The possibilities of commercial flying in Newfoundland and the distribution of mail in the parts of the country that are usually isolated during the winter months have been demonstrated.

MAN KILLED HIMSELF ON WIFE'S GRAVE

Portland, Ore., Sept. 11.—William T. Barker went to Rose City Cemetery at 8 o'clock last evening to stand for a few moments at the grave of his late wife on the anniversary date and hour of their wedding years ago. As he turned to leave he saw the body of a man lying on a nearby grave. It proved to be Sidney A. Scott, fifty-five, a contractor, and the grave on which he lay was that of his late wife, who died last May. A rifle lay beside Scott's body and there was a bullet wound in his chest.

RHEUMATISM

Have you Rheumatism or Neuritis, Sciatica, Lumbago? Now is the time to get rid of it. Nature is doing all she can for you. Just help things along. Get a box of Temple's Rheumatic Capsules from your Druggist and you will soon be fit and well again.

A STRIKING ACT.

It is not a simple matter to believe that the League of Nations is really a driving force for peace while Europe takes its daily breakfast to the accompaniment of armed conflict and political crises that threaten all sorts of dire calamities. Even the delegates who are now assembled at Geneva do not appear to be outrageously enthusiastic over the work which this great organization has actually accomplished. Yet their own confession to the effect that the chief function of the League at the present time lies in the direction of "moral disarmament" is charged with the most important of possibilities.

Disarmament of the mind takes on fresh significance every time a new engine of destruction makes its appearance. The scrapping of battleships and the making of rules for the observance of submarine commanders are relatively unimportant as long as the realms of science continue to be exploited to satisfy the militaristic craving—as long as public opinion is not harnessed to the cause of peace.

The world needs more of the spirit of John H. Clarke who has just resigned from the Supreme Court of the United States to preach the doctrine of the League in his own country. His letter of resignation from his exalted position informs President Harding of a desire to "serve my neighbors and some public causes in ways in which I cannot serve them while holding important public office." The eminent jurist has just passed his sixty-fifth milestone—which means that he has relinquished his office five years too early to qualify for a pension equivalent to full salary. He has taken this course in order that he might read and study and serve his fellow men as "a partial realization of this philosophy of my later life." The direct reference to his espousal of the cause which he considers the United States should embrace is contained in an interview in a recent issue of The New York World and reads as follows:

I believe the whole future of the Nation depends upon our entrance in the League. Reservations may be necessary, or they may not be. The point is that we should be a member. Bringing my fellow-countrymen to that viewpoint is the public work I want to do. It was a terrible mistake that we did not enter at the beginning. How I shall go about it I do not know yet, but I suppose it will be by writing and speaking. I am interested in the United States' entrance from an absolutely non-political and non-partisan standpoint, and it is from this standpoint that I will make my plea. Politics has no place in my scheme.

No finer example of loyalty to the best instincts of humanity could be found than in the sentiments quoted above. Few men at the height of a distinguished career are content to allow posterity to reap the rewards which they themselves might gather in and enjoy. This fact alone endows the act of this distinguished American with added nobility. It also serves to emphasize the fact that until there is a wider and more practical sympathy with the objects of the League of Nations neither actual nor moral disarmament will progress with any degree of rapidity.

RECONCILIATION?

That element in Victoria and elsewhere which almost went down on its knees in the hope that the convention in Vancouver would choose a new Leader of the Conservative Party in British Columbia will learn of the Bowser-Stevens-Howe tour with something akin to chagrin. The very announcement breathes of reconciliation between the two principal entries in the recent leadership sweepstakes and their joint plea for unity is simultaneously a burial of the hatchet and the destruction of

the remaining hopes of the reconciliants.

But particular interest attaches to the itinerary of the triumvirate. It is by no means lacking in boldness. Among the three or four places at which meetings will be held the City of Kamloops is included. A visit to Nelson which only recently marked its majority in favor of a Liberal member in the Legislature will be child's play compared with a public appearance in the spot in which the anti-Bowser crusade took definite shape.

It would be worth something to be present at the preliminaries that would seem to be necessary before a new appeal from a Kamloops platform can be uttered by the newly-endorsed chieftain. The people in that part of the country are not in the habit of changing their minds with the wind. When they bolt they bolt. And the famous communication which set the revolt in motion was straight to the point. By the way, has Kamloops congratulated Mr. Bowser yet?

GOOD INVESTMENT.

Those ratepayers in the municipality of Oak Bay who do not approve of the purchase of a recreational area will soon realize that Saturday's verdict is really a step in the right direction. There is little danger of any community making a mistake by preserving sufficient open spaces that can be safeguarded against the intrusion of bricks and mortar. Public health is not always a fashionable subject; but modern tendencies incline towards a new conception of public responsibility towards the weak and the sick. The playground in any up-to-date community is the most effective foe to disease. Long before our neighbor counts her population by the tens of thousands the passage of Saturday's by-law will have justified itself.

CAMPERS AND FOREST FIRES.

Some Canadian campers who know and love the woods have been complaining lately that they are accused of starting a large proportion of the fires which annually take such an enormous toll of our forest wealth. They say they have been going into the forest every year for a number of years and they defy any one to point to any fire they have started. Their complaint is doubtless justified. Men who go every year into the woods are woodsmen, and woodsmen do not start forest fires. The people who start fires are those who are not woodsmen, who know nothing of woodcraft, who probably were never in the woods before, or who go in only at long intervals. Still there are in the aggregate a large number of these people, and, leaving as they often do, a trail of fire behind them, they give the whole army of campers a bad name. It is hard on the real camper, sportsman and woodsman, and the only way out is for everybody who goes into the woods, or who has anything to do with forests, to exert all the influence possible to educate these "tenderfeet" and to create a public opinion that will support forest-fire laws and the work of the fire ranger, and ostracize those who by their carelessness burn the forest. Let everybody also take note of the new heat wave. British Columbia's timber is still in danger. Recent rains have not entirely removed the hazard.

THE KNOTTY POINT.

Prior to each session of the Legislature since the taking of the plebiscite in 1920 the subject of a considerable alteration in the method of distributing liquor in British Columbia has obtruded itself in no uncertain fashion. On two occasions the legislative debate has centered about the status of beer and light wines. Many arguments have been advanced in favor of more elastic facilities in respect of the sale and consumption of these less potent beverages. But the prevailing sentiment appeared to remain on the side of no interference with the expressed will of the people as recorded in 1920 and interpreted by the Liquor Control Act.

Representatives of the Vancouver Moderation League have again urged upon the Attorney-General the desirability of introducing an amendment to the

Act that would provide for the open sale of beer and light wines in a manner similar to that followed in Quebec. Mr. Manson listened to the proposal; he made no promises; he is not in a position to do so at this stage. The question is a highly controversial one and he is duly appreciative of its importance. The most that can be said at this juncture is that the people and their representatives have had more than twelve months' experience with the Liquor Control Act and are now better acquainted with its effects.

NOTE AND COMMENT

Just to add to the difficulties of the Irish Free State Government the postal workers go out on strike.

If it did not present such a sorry spectacle to one who gave his best for his country the plight of Greece at the present moment would provide ex-Premier Venizelos with material for one or two pointed remarks.

Germany seems to be doing all she can to provoke the Allied Governments into doing something that would go against their better judgment. Her apparent obstinacy in attempting to squeeze more time for the redemption of bonds promised to Belgium in respect of her priority claim looks like a piece of duplicity that may be punished.

Turkey's successes are said to have been hailed by the Moslem world with great excitement and satisfaction. But it would be as well to temper the suggestion of impossible demands from the Moslems of India with a grain of salt. Those enterprising gentlemen who have failed to cast a spell over any but a small section of the native mind may make much of recent events in Asia Minor in their propaganda. Eventually constitutional progress towards self-government will prevail.

Other People's Views

Letters addressed to the Editor and intended for publication must be short and legibly written. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the writer wishes. The publication or rejection of articles is a matter entirely at the discretion of the Editor. No responsibility is assumed by the paper for letters submitted to the Editor.

THE LEGION'S VISIT.

To the Editor:—On behalf of the G. W. V. A. I would like to thank The Times for its whole-hearted cooperation in making the visit of the Maple Leaf Post-American Legion of Seattle to Victoria, a huge success. The publicity given on this occasion was in no small measure responsible for this. The visit of our cousins from across the border should help to cement the affiliation of the American Legion with our ex-servicemen's organization, and the effect will be beneficial for both countries at large. The spirit shown by the American Legion is certainly deserving of commendation. Heartily thanks are extended to Premier Oliver for taking part in the reception at the Parliament Buildings, and for illuminating the buildings, an honor that was much appreciated by the visitors and called forth many praises. Also to Mayor Marchant for extending the freedom of the city, presenting a key in token of this freedom. The key was made by disassembling the fruit of the Victoria Red Cross workshop, and for taking part in the Sunday service at Ross Bay. To the Rev. Mr. Andrews for conducting the service and the splendid address delivered by him. To the chapters of the I. O. O. F. who decorated the graves of the soldiers at Ross Bay. To the Dominion Hotel, Empress Hotel and others who decorated their hotels and stores, who co-operated in the welcome to the visitors.

—JAMES F. BROWN,
Secretary G. W. V. A. Victoria Local.

SINGLE TAX.

To the Editor:—It is sometimes rather interesting to note the effects of "use and wont" on otherwise acute minds. Bishop MacDonald is quite aghast at the mere idea of applying Henry George's "unworkable theory" to this country. He says, "Just imagine what the consequences would be if the Dominion of Canada were to abolish all other taxes and impose a tax on land only! Well, let us do a little imagining."

A few speculators would perhaps have to go to work to earn an honest living. Zounds, how shocking! Also, a great many people whose interests as producers really exceed their interests as land gamblers, would have to forego the something for nothing which they fondly expected to reap during the next land boom. The object of land monopoly—like the ownership of chattel slaves—is to acquire the fruit of labor without laboring. Had Friday, when he put Crusoe's foot on his neck, in token of submission to him as his property, merely acknowledged him as owner of the island which they both inhabited the result would have been precisely the same. Crusoe could have appropriated all Friday produced over and above his own necessities, and order to keep him in full condition for work. Of course any change in the laws is bound to work some hardship, but the bad old laws are responsible for that, not the good new ones. Besides, deserving cases can always be compensated. On the other hand, the benefits of single tax are quite obvious. It is the key that

would unlock Nature's storehouse, setting all unused opportunities to the application of labor. Coal and farming lands, only the few cowboys and stockmen who hold the property like hot potatoes. Work would be done plentiful. Instead of there being 800 men for every nine jobs, as at present, there would be ten jobs for every nine men; and this would be a permanent condition. Think of it—there would be no unemployment and advantages too numerous to mention, while wages went up the cost of living would go down. Capital now being invested in speculation would turn to the building of houses, etc. Rents would consequently be lowered. This is the solution of the housing problem. Cost measures contiguous to Victoria, where people are now paying three prices for the product, would be utilized. This would squeeze the water out of MacKenzie & Mann mining stock. The present system of taxation cannot stand investigation. It is too preposterous. Every farmer's contribution denounces the taxation of improvements. The Conservative Party has declared its opposition to the personal property tax. Taxes on earned incomes are unpopular, and taxes on unearned incomes would be quite unnecessary under single tax, as that would tap the unearned fountain-head.

Our so-called statesmen, Dominion and Provincial, are figuring out how to gouge producers and consumers with sales, amusement and stamp taxes, etc.; while a handful of speculators in land and natural resources are calmly getting away with about \$750,000,000 worth of ground rent per annum. Pure velvet! Ground rent is a community creation. It was surely intended for the defraying of public expenses. The Bishop has asked, "Who owns the land? There can be but one God and one land. It follows as a matter of course that all His children have equal rights to its use." The land shall not be held by one man, but it is mine; for we are strangers and sojourners with me."

—ALEXANDER HAMILTON,
Pender Island, B.C.

SEGREGATION OF PUPILS.

To the Editor:—Let me respectfully inform the gentlemen of the trustee board of this city, who seemingly have suddenly discovered that the Chinese student is an unwelcome element in their halls of learning, that their attitude toward the Chinese is not generally shared by their brethren abroad.

Quite the contrary. The world everywhere is warmly receiving the Oriental knowledge seeker. In the United States, France and Germany the invitation is cordial and most markedly so in Great Britain, the centre of this Empire. And I like to think that such courtesy and good fellowship springs from a motive deeper than that which casts a covetous eye toward the rolling plains and jagged mountains of earth's most wonderful treasure house and inheres in the eminently Christian teaching that "A man's man for a' that."

Moreover, I submit, there is no element of injustice, a lack of "playing the game," in the recent ruling of the board.

The student of the family of the student involved, has already paid a fee of \$500 by way of entrance into this country, a usage by the bye, not resorted to by other nationals, and, moreover, is under the necessity of frequently a heavy necessity of sharing the financial burdens of a regular taxpayer. Surely with the assumption of such responsibilities there should not be denied the attendant privileges. In these few words by the kind courtesy of the Editor, I beg to press the attention of what the Chinese consider to be their just claims upon the Trustee Board and the public generally.

MAR LEUNG,
P.O. Box 243, Victoria, B.C., September 9, 1922.

CHINESE PUPILS.

To the Editor:—Permit me, through the medium of your valuable paper, to express my views, as a Chinese merchant and resident of this city, upon the action of the Victoria School Board in attempting to segregate the Chinese pupils attending the local public schools. This is a matter which is felt very keenly by all Chinese citizens, and as no reason has been assigned by the School Board for their action in the matter, we are naturally curious to ascertain what is the motive behind it. It is only fair that the School Board should explain the reason for the proposed segregation.

Surely it is not that the Chinese pupils are objectionable on the ground of cleanliness. They are admittedly clean and neatly dressed, and the Chinese parents have no apologies to offer for their children. Indeed the inspectors and teachers will substantiate this fact. Nor is it likely that the objection is to the children are inattentive or backward or troublesome. On the contrary, the Chinese children are exemplary in their habits. They are obedient, studious and no less diligent in their studies. To the children be prohibited from associating with the other children? Why select the Chinese and not discriminate among the other children? Why select the Italian, Japanese or Greek? The children are British born and are here to stay and become citizens of Canada. It would be very poor policy to proceed along this manner of segregating these children instead of permitting them to become familiar with the Occidental. It is this segregation that creates prejudices and there is no reason why there should be any.

The School Act provides that all children up to sixteen years of age shall be entitled to the benefits of the educational system and that no sectarian matters shall interfere with the right of the child to obtain an education. The act does not empower the trustees to discriminate between any religious sect or race. The attitude now taken by the School Board savors of medievalism and is not compatible with the modern civilization.

However, I presume that the School Trustees have some reason for their action and I shall like to hear what that reason is. Surely they are not moved to act simply out of racial prejudice.

—QUON Y. YEN,
P. O. Box 223, Victoria, Sept. 9.

C. N. R. EARNINGS.

Toronto, Sept. 11.—The gross earnings of the Canadian National Railway for the week ended September 7 were \$2,355,137, a decrease of \$23,291. The gross earnings from January 1 to date are \$72,443,028, a decrease of \$8,285,420.

MAY BE MINISTER OF FISHERIES

(Continued from page 1.)
who have got their experience by banging typewriters.

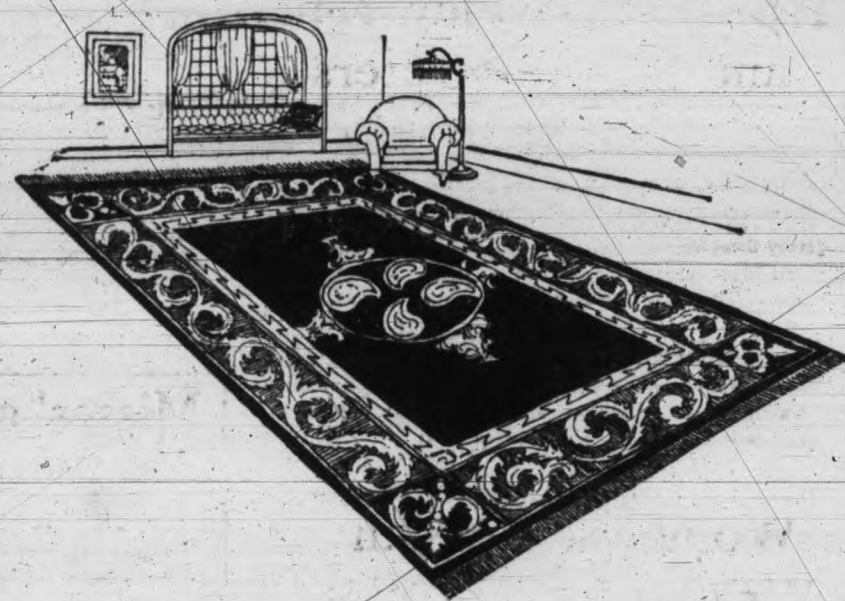

At the opening of the session A. W. Neil, M. P., drew attention to an Order-in-Council of May 3, 1922, under which American boats could not get bait in British Columbia unless they undertook to deliver in British Columbia the fish they caught with that bait. This Order-in-Council had not been put into effect for two and a half months after it was passed, and was working a great hardship on many firms that had specialized in the manufacture of frozen herring bait. He wondered by

whom the Order-in-Council had been initiated, as the Fisheries Commission, when sitting at Ottawa at the time had never heard of it, neither had the British Columbia members been informed of such a move. He suggested that a wire be sent to the Government by the Commission right away asking that the Order be rescinded, and a resolution made to the conditions that had operated for the past five or six years in regard to which there had never been any complaint made. At the present time the British Columbia firms were getting no sale for their bait to American boats, which declined to subscribe to the condition.

The chairman suggested that the matter be taken up with Hon. J. H. King, Minister of Public Works, who is now in the city, and it was agreed that there should be a caucus meeting of the commission and Dr. King at noon.

GORGEOUS CREATIONS IN FALL MODES

Mannequins Demonstrate Hudson's Bay Stores Newest Models

The best of friends must part and the loveliest of Summers draw to a close, so it is a matter for thankfulness when the approaching separation is mitigated by such a detectable array of frills, furs, and furbelows as were presented at the Hudson's Bay Co. Store this afternoon in their Annual Display of Fall Fashions.

The second floor of the big store was in fête for the occasion, and crowds assembled at an early hour to secure seats, chairs having been provided for five hundred people.

The mannequins paraded on a long dais, raised to the height of five feet and held the rapt attention of the large gathering for close on two hours while they demonstrated the newest models in suits, dresses, and sumptuous furs.

The main points of interest, the position of the waist line and the length and width of the new skirt were satisfactorily elucidated in the first model shown, a semi-tailored dress of light-colored material with a wide, straight skirt of medium width and cleared the ground at seven or eight inches, while the semi-fitting coat was loosely belted, the square patch pockets with their wide bands of fur being placed well down on the hips maintaining the effect of the low waist line.

A favorite feature of the Autumn suits and wraps was demonstrated in the bat wing sleeve effect, this being especially noticeable in a novelty cape suit of navy tulle with a beaver collar and cuffs. Vandyked or scalloped edges, or a contrasting color accented the wing effect.

Specialty lovely suit was of putty colored velvet, the straight semi-fitting coat being cut in deep vandyked folds, with a deep silk fringe hung well below the knees. Choker collars of supple silky fur, and bands of fur on the sleeves of the models were as striking as the velvet.

A novelty feature of the new models, while embroideries of silk or military braid lent an added touch of elegance. A novelty tailored dress of navy tulle with a wide band of fur on the hips maintaining the effect of the low waist line.

Among the luxurious furs which so far to console the hearts of womanhood for the approach of Winter was a graceful cape of grey Siberian squirrel, the round yoke extending with a cross-bar effect; a sumptuous coat of Hudson seal with a skunk collar and cuffs and graceful ripple effect; and a lovely coat of grey seal with a wide band of fur on the hips maintaining the effect of the low waist line.

Dame Fashion in her lighter mood was bewitchingly demonstrated in a new gown of orchid redge with wide bands of fur on the hips maintaining the effect of the low waist line.

Another lovely frock of saffron yellow georgette, with a wide band of fur on the hips maintaining the effect of the low waist line.

A graceful gown of orchid redge with wide bands of fur on the hips maintaining the effect of the low waist line.

Mr. Barrett-Lennard, of Vancouver, is a visitor in Victoria.

Mrs. J. McGill, of Nanaimo, is visiting with friends in Victoria.

Mr. and Mrs. Clifford Denham are spending a short holiday in Seattle.

Mr. and Mrs. A. R. Nichols, of Prince Rupert, are guests of the Hon. A. M. and Mrs. Manson, of 1554 Yale Street.

Mr. and Mrs. F. M. Preston left this morning on the Anacortes route for a few days motoring.

Mr. Ross Wilson is leaving on Tuesday for Montreal to resume his studies at McGill University.

Miss Freda Waters is leaving on Wednesday for Montreal to resume her studies at the Trafalgar Institute.

Mrs. Roche, who has been the guest of her sister, Mrs. A. Oates, of the Road, left yesterday for her home in Seattle.

The wedding of Miss Nan Wyles and Mr. Barrett-Lennard, announced to take place to-morrow evening at 8 o'clock.

Mrs. Mitchell, of Cumberland, is spending a holiday in Victoria, and is the guest of her niece, Mrs. H. A. Moody, Walton Street.

Miss Eileen Gravelly, who has been the guest of her aunt, Mrs. Raymur, Stanley Avenue, is leaving to-morrow for her home in Vancouver.

The Rev. H. T. Archbold and Dr. J. Miller will address a meeting in the Marigold Hall on Tuesday, September 12, at 8 p.m. The subject will be "Social Hygiene."

The many friends of Colonel Wilby will be pleased to hear he has recovered sufficiently from his recent illness to be removed to his home at Lake Hill, where he is now convalescing.

Miss Peggy Foster has returned from a vacation spent in the South with her father, Mr. A. C. Foster, of San Francisco. Miss Foster will resume her studies at St. Ann's Academy.

At the residence of her sister, Mrs. A. W. Esnouff, 2312 Vancouver Street, the marriage was solemnized on September 8 by the Rev. William Stevenson, of Lucie Murray, 1424 Quadra Street, to J. Rawlings, of Glenwood, Iowa.

The Gonzales Chapter, I.O.D.E., will hold its regular monthly meeting to-morrow morning at 10.30 at headquarters. A good attendance of members is hoped for, as there is a large amount of business to put through.

Mr. and Mrs. Matheson and their little daughter will shortly take up residence at Breeds Cross Road, Sidney. Mr. Matheson, who is a veteran of the Great War, is a civil engineer and land surveyor, and has just completed the purchase of G. S. Brett's property, negotiating through E. G. Kingwell of the Strout Farm Agency.

The home of Mrs. Charles Wilson, York Road, Uplands, has been kindly lent to the Altar Society of St. Andrew's Cathedral, and the Catholic Women's League, for a card party and tea to be held on Thursday afternoon, Sept. 14, from 2 o'clock to 5 o'clock. Card tables may be reserved by telephoning Mrs. W. Baines, 5749 X.

A Kasha cloth, and many neat sports models of effective but simple design brought to a close an effective resume of the season's sartorial offerings.

Among many lovely creations from the millinery department were noted a striking velvet model in a ravishing new shade known as "herpet green," a graceful picture hat with navy underbrim, the wide draped crown and petal-brim being of silver cloth, and another exquisite model of black panne with transparent petal edged trim further embellished with jet embroideries and long tassels of jet falling nearly to the waist.

Mr. Gordon, manager of the fur department, Miss Workman, of the millinery, Miss Grimshaw, of the coats, dresses and suits, and Mr. Stewart of the shoe department are all to be heartily congratulated on a most successful and striking display, and those who have not already visited the store or who were unable to secure a seat for this afternoon's show are invited to attend the store to-morrow at 3 p.m., when the parade will be repeated.

The Scottish Daughters League of Esquimalt held their first annual meeting on Friday evening at the Rex Theatre. The president, Mrs. James Nicol, presided and a large gathering of members was present. Routine business was quickly dispatched and the following officers were elected for the ensuing year: Hon. president, Mrs. Wise; president, Mrs. James Nicol; first vice-president, Mrs. Butler; second vice-president, Mrs. Rogers; trustee, Mrs. Wallace; secretary, Mrs. Robert McIntosh; assistant secretary, Mrs. Lock; treasurer, Mrs. Tom Scott; chaplain, Mrs. Dobble. Conveners to arrange the programme for next meeting, September 22 are Mesdames Johnson, Rogers and Wallace. Mrs. Greenless, president of the Vancouver Scottish Daughters League, will be present at this meeting, and will preside at the installation of the newly-elected officers, and will assist at the celebration of the birthday night of the Esquimalt League. A pleasing

feature of Friday night's programme was the report that three Scottish babies had been presented with birthday rings by the League during the year. These were baby McBeath, named Mrs. Jas. Nicol; baby Young (Margaret Moore) and baby Hobbott (Donald). Mrs. Jas. Nicol and Mrs. Robert McIntosh, at the request of the G. W. V. A. agreed to assist them at their tag day on Saturday. Refreshments provided by the executive were served at the close of the meeting. The programme for the next meeting, September 22, will be a social and dance.

All donations of refreshments and candy for the Catholic Women's League and Altar Society card party to be held at the residence of Mrs. Charles E. Wilson on Thursday next, may be left at Clay's Bakery, Fort Street, through the courtesy of the management.

On Friday evening about thirty friends met at the apartments of the Misses Quattrone, 1122 Commercial Avenue, in honor of Mr. and Mrs. Cochrane, who are leaving in a few days for sales. A merry time was spent at cards, music and dancing until a late hour, when refreshments were served. A three-piece orchestra led by Mr. Wm. Crothall, Jr., made dancing a real delight. Los were contributed by Miss Kay, Mrs. Crothall and Miss Mosley.

A quiet wedding took place Saturday evening at Bredalbane, 1185 Fort Street, when the Rev. Dr. Campbell officiated at a ceremony which made Miss Beatrice Jackson, the bride of Mr. Ernest Charles William Jackson, both of this city. The bride looked very pretty in a gown of navy blue Canton crepe with her hair styled in a smart way of navy blue and carried a bouquet of pink bridal roses, sweet peas and maiden hair fern. Mrs. Charles C. Brent, of Seattle, was the best woman, and Mr. J. R. made dancing a real delight. Los were contributed by Miss Kay, Mrs. Crothall and Miss Mosley.

Mrs. Marsh was hostess on Saturday night at "Calahan," 226 Douglas Street, when the guests in honor of Miss Justine Gilbert and Mr. Walton Gilbert, who have been visiting here for the summer vacation. Assisting in the entertainment were Mrs. D'Arcy Marsh and Miss Elsie Marsh, and the evening was delightfully spent in music and dancing. The guests included Mrs. MacLachlan and Colonel Davies, contributing much appreciated vocal items, and Mr. Chris Wade playing the piano. The guests were Madam Serr, Dr. and Mrs. Roland (Guernsey), Mr. and Mrs. Roland, Miss Justine Gilbert, Miss Fawcett, Miss Justine Gilbert, and Mrs. MacLachlan, Mr. and Mrs. E. M. Preston, Mrs. J. W. Church, Mr. and Mrs. Lowrie, Mrs. Peter Turner, Mrs. Parsons, Colonel Davies, Mr. and Mrs. Sidney Child, Mrs. and Mrs. Shepherd, Mr. and Mrs. G. A. Duncan, Miss Poudrier, Miss Elliott, Miss Justine Gilbert, Mrs. MacLachlan, Mrs. Brown, Messrs. Justine Gilbert, Walton Gilbert, E. Lewin, Harold Stevenson, Rant, McDonald, Nixon, Anthony and G. W. Wade.

The Ministering Circle of the King's Daughters on Saturday afternoon held an enjoyable society tea at their room in the Eltham Building. Mrs. H. A. S. Morley, assisted by Miss Grace Watson, collected the gift money, and a well stocked stall you say they shall be placed in the centre of the banquet table.

Poor little Flutter Wings began to cry where she lifted the leaves and found the prize berries, and when the Queen was so sorry that while little Flutter Wings was wiping her eyes she touched with her wand two other berries.

"Look, Flutter Wings," she said, "here are your big berries. You must have forgotten the spot," and Flutter Wings thought she had.

Social & Personal

Long ago the fairies say the blackberry vine had no prickly thorns, though the blossoms and the berries were the same as nowadays.

It was time for the big feast and dance of the fairies in the dell and they were all looking for something to add to the feast. With a berry time and the fairies wanted the largest and most luscious ones they could find.

Fairy appetites are as delicate as the little creatures themselves, so a few berries would make a feast for hundreds of little fairies, and of course the very best were none too good for them.

Fairy Flutter Wings had been watching a blackberry vine that grew by a roadside since the blossoms came out, for she was sure that on this vine there would be large and luscious berries.

And she was right, for when the berries began to grow under the leaves Flutter Wings discovered two beautiful large red ones, and she knew that if she came every night to touch them with her wand, they would by the time the feast was to be held by the very largest berries on the vine.

So each night she visited the vine and touched under the leaves. But she was not the only one who was watching the vine.

A quiet wedding took place Saturday evening at Bredalbane, 1185 Fort Street, when the Rev. Dr. Campbell officiated at a ceremony which made Miss Beatrice Jackson, the bride of Mr. Ernest Charles William Jackson, both of this city. The bride looked very pretty in a gown of navy blue Canton crepe with her hair styled in a smart way of navy blue and carried a bouquet of pink bridal roses, sweet peas and maiden hair fern. Morley, assisted by Miss Grace Watson, collected the gift money, and a well stocked stall you say they shall be placed in the centre of the banquet table.

Poor little Flutter Wings began to cry where she lifted the leaves and found the prize berries, and when the Queen was so sorry that while little Flutter Wings was wiping her eyes she touched with her wand two other berries.

"Look, Flutter Wings," she said, "here are your big berries. You must have forgotten the spot," and Flutter Wings thought she had.

The blackberries in the Queen's carriage, the Queen, who knows many things she does not tell, drove right past the door of Hop Gobbins' home, and his two round eyes popped in his funny little face when he saw the berries.

"I must have taken the wrong berries," said Hop. "I'll run back and see if there are any more I have overlooked."

But the Queen had left a trap for the bad Gobbins. She had left the vine covered with prickly thorns, and when Hop Gobbins jumped into the berry patch there he was caught fast.

Screaming with fright he soon had all the goblins running to see what was the matter, and it took them all night long to get him out. But never again did Hop or any of the goblins go near a blackberry vine, so that when the fairies held their big feast they have no trouble in getting the finest and largest berries for their table.

FOR CHILDREN THE SANDMAN STORY FOR TO-NIGHT

Long ago the fairies say the blackberry vine had no prickly thorns, though the blossoms and the berries were the same as nowadays.

It was time for the big feast and dance of the fairies in the dell and they were all looking for something to add to the feast. With a berry time and the fairies wanted the largest and most luscious ones they could find.

Fairy appetites are as delicate as the little creatures themselves, so a few berries would make a feast for hundreds of little fairies, and of course the very best were none too good for them.

Fairy Flutter Wings had been watching a blackberry vine that grew by a roadside since the blossoms came out, for she was sure that on this vine there would be large and luscious berries.

And she was right, for when the berries began to grow under the leaves Flutter Wings discovered two beautiful large red ones, and she knew that if she came every night to touch them with her wand, they would by the time the feast was to be held by the very largest berries on the vine.

So each night she visited the vine and touched under the leaves. But she was not the only one who was watching the vine.

A quiet wedding took place Saturday evening at Bredalbane, 1185 Fort Street, when the Rev. Dr. Campbell officiated at a ceremony which made Miss Beatrice Jackson, the bride of Mr. Ernest Charles William Jackson, both of this city. The bride looked very pretty in a gown of navy blue Canton crepe with her hair styled in a smart way of navy blue and carried a bouquet of pink bridal roses, sweet peas and maiden hair fern. Mrs. Charles C. Brent, of Seattle, was the best woman, and Mr. J. R. made dancing a real delight. Los were contributed by Miss Kay, Mrs. Crothall and Miss Mosley.

Mrs. Marsh was hostess on Saturday night at "Calahan," 226 Douglas Street, when the guests in honor of Miss Justine Gilbert and Mr. Walton Gilbert, who have been visiting here for the summer vacation. Assisting in the entertainment were Mrs. D'Arcy Marsh and Miss Elsie Marsh, and the evening was delightfully spent in music and dancing. The guests included Mrs. MacLachlan and Colonel Davies, contributing much appreciated vocal items, and Mr. Chris Wade playing the piano. The guests were Madam Serr, Dr. and Mrs. Roland (Guernsey), Mr. and Mrs. Roland, Miss Justine Gilbert, Miss Fawcett, Miss Justine Gilbert, and Mrs. MacLachlan, Mr. and Mrs. E. M. Preston, Mrs. J. W. Church, Mr. and Mrs. Lowrie, Mrs. Peter Turner, Mrs. Parsons, Colonel Davies, Mr. and Mrs. Sidney Child, Mrs. and Mrs. Shepherd, Mr. and Mrs. G. A. Duncan, Miss Poudrier, Miss Elliott, Miss Justine Gilbert, Mrs. MacLachlan, Mrs. Brown, Messrs. Justine Gilbert, Walton Gilbert, E. Lewin, Harold Stevenson, Rant, McDonald, Nixon, Anthony and G. W. Wade.

The Ministering Circle of the King's Daughters on Saturday afternoon held an enjoyable society tea at their room in the Eltham Building. Mrs. H. A. S. Morley, assisted by Miss Grace Watson, collected the gift money, and a well stocked stall you say they shall be placed in the centre of the banquet table.

Poor little Flutter Wings began to cry where she lifted the leaves and found the prize berries, and when the Queen was so sorry that while little Flutter Wings was wiping her eyes she touched with her wand two other berries.

"Look, Flutter Wings," she said, "here are your big berries. You must have forgotten the spot," and Flutter Wings thought she had.

The blackberries in the Queen's carriage, the Queen, who knows many things she does not tell, drove right past the door of Hop Gobbins' home, and his two round eyes popped in his funny little face when he saw the berries.

"I must have taken the wrong berries," said Hop

KING TAKES OVER B.C. RADIUM SPRING FOR USE OF PEOPLE

Wonderful Therapeutic
Waters to Be Available
For All

Radio-activity and Curative
Properties Excel Other
Springs

(From a Staff Correspondent.)
With Minister of Public
Works Party on Way From Gold-
den, B. C. to Victoria, Sep. 9—
The remarkable Radium Hot
Spring on the Banff-Windermere
Road, the hot water from which
gives off the greatest amount of
radium emanations of any water
known, are being expropriated
by the Dominion Government

for the use of the people of Canada.
The Hon. J. H. King, Minister of Pub-
lic Works, announced on his arrival
at the Springs.

Expropriation proceedings will be
completed this month it is expected.
Dr. King said. The Government will
then make arrangements for the
building of hotel accommodation on
the side of the mountains and ad-
jacent to the Springs for the accommo-
dation of persons who come here to
take advantage of the curative prop-
erties of these waters.

Dr. King on his tour of inspection
was accompanied by Mrs. King, J. A.
Buckham, M.P.P. for Columbia, and
a number of local persons. He spent
some time in the hot water pool and
the party lunched further up the new
Banff-Windermere Road.

Examination of the radium waters
and of the possibilities of the Springs
was also carried out by Tom Uphill,
M.P.P. for Fernie. William McRae,
brother of the late "Sandy" McRae,
political son of the Interior, and
Fred Buckham, of Golden, who were
with Dr. King in the district.

"We'd give anything to have these
Springs in Fernie," said Mr. Uphill
after his dip. "Dr. King in saving
them for the people for all time is
doing a great and far-sighted act."

At present there is a large open
cement tank about 25 by 80 feet
into which the water flows as it
comes from the rocks. There are
also bath houses and dressing rooms
and an outdoor camp where visitors
stop.

"I've seen them come here in

MECCA OINTMENT

Burns, Sores, Gums, Etc.
Get Free Sample From Your Druggist

stretchers and go away cured," said
Mr. McRae.

The water comes from the rocks at
the rate of 1 1/4 to 1 1/2 gallons a sec-
ond and at a temperature of 115 to
117 degrees. It flows steadily Sum-
mer and Winter. At one side is an
icy mountain stream into which per-
sons can dip to cool off after step-
ping from the gleaming tank.

Curative Powers.
Examination of the waters and
their curative powers by scientific ex-
perts of the Lancet, the British Medi-
cal Journal, showed the water com-
pains a heavy solution of calcium
sulphate, magnesium sulphate, alu-
minum sulphate, sodium chloride,
silica, calcium carbonate, and up to
330 grains per gallon of strontium
sulphate, the mineral which holds the
radium and which is the source of
the high degree of radium emanation
the water gives off.

"The water resembles physically and
chemically the famous springs at
Lithia," the report of the Lancet re-
ceived here says. "The temperature
agrees exactly with that of the ther-
mal waters at Bath. These waters
possess therapeutic properties in
common with Bath waters, and are
best known for the treatment of
gouty affections, rheumatism and
skin diseases."

Reports received by officials from
tests conducted in McGill University
laboratories, Montreal, show that the
radium emanations of the B. C.
waters are greater than those of the
Bath waters.

Indian Resort.
Before these Springs were taken
up by Rolland Stewart in the early
80's Indians for generations had been
bringing their sick to bathe in the
waters. The natives cured many of
their ailments here and most suc-
cessfully of all—rheumatism. Be-
cause of the reliance the Indians had
always placed in the Springs to cure
their physical ailments, the proprie-
tary rights of the natives in the
Springs has been recognized by the
construction of a separate bathing
pool for them and their squaws, as
they are not allowed in the waters
with whites.

The Radium Hot Springs were
taken up by the Harmsworths who
and the possibilities in them. In
1914, St. John Harmsworth, brother
of Lord Northcliffe, spent the Sum-
mer at the Springs. They planned to
put up a large hotel and develop
them as a general health resort. The
water interfered, however, and
others stepped in. There followed a
period of stock jobbing in which
huge blocks of practically worthless
stock was being unloaded on inno-
cent Englishmen in England.

J. A. Buckham, energetic member
in the B. C. Legislature, saw what
was going on, and how a God-given
natural asset was being dissipated
and used for improper purposes. He
came to Victoria, brought the mat-
ter before Premier Oliver, and the
Government so vigorously that action
through Agent-General Wade which
followed resulted in the British hav-
ing the stock-jobbing and wild-cat-
ting stopped.

Dr. King immediately showed his
interest in the Springs when he be-
came Minister of Public Works for
Canada last Winter. He plans after
the completion of expropriation to
place the Springs in the Kootenay
Park area.

The Minister with Mrs. King will
cross to Victoria from Vancouver on
Oct. 13.

FIRST PRESBYTERIAN CHURCH HAS LOST PROMINENT WORKER

Aubone Hoyle to Take Special
Course at Hartford
College

The First Presbyterian Church is
losing this week one of its most
energetic workers in the person of
Mr. Aubone Hoyle, who, with his wife
and two small children, is leaving
for Hartford, Connecticut, where he
will take a special course of study
at the Hartford College School of
Religious Pedagogy. Since 1919,
when he returned from four years
service overseas with the 2nd Cana-
dian Motor Machine Gun Brigade, Mr.
Hoyle has been director of Religious
Education and superintendent of the
First Presbyterian Church Sunday
School.

Under his energetic guidance the
school has increased from an attend-
ance of 115 to 400, and is the largest
Sunday school in Victoria. The
fourth largest in the Province. The
Young People's Department, the
Church has also grown to formidable
dimensions under his direction and
inspiration. During the Fall and
Winter of last year the department
had a very instructive programme
which drew an average attendance
of 100 members to the week-night ser-
vices, debates, mock parliament, con-
certs, lectures, socials and other
forms of entertainment being or-
ganized under his indefatigable
leadership.

Mr. Hoyle is at present captain of
the 11th Machine Gun Brigade here.
Athletes have always held a strong
appeal for him, and form an impor-
tant part of his endeavors. The pro-
motion of every kind of clean sport
has been his great aim and interest,
and as vice-president of the Victoria
Sunday School Athletic Association he
was an able promoter of many
stirring games and contests. The
Athletic Association of the First
Presbyterian Church Sunday School,
organized eight years ago, is the
strongest association of its kind con-
nected with any church in Canada.

Mr. Hoyle was for two years pres-
ident of the Victoria District Religious
Educational Council, and now holds
a position on the Provincial Educa-
tional Council. Since accepting the
position at the First Presbyterian
Church in 1919 Mr. Hoyle has had
several offers from other congrega-
tions, including Knox Presbyterian
Church, Toronto, but his present
purpose is to take a two-year course
in religious educational work at Har-
ford before taking any other position.

Both he and Mrs. Hoyle leave hosts
of friends behind them, who while
regretting their departure from this
city will wish them continued suc-
cess and happiness in their future
undertakings. They leave Victoria
on Tuesday, September 19.

If you want to draw a good salary
you must earn the reputation of be-
ing worth it.

TO BE FAIR WEEK ATTRACTION HERE

"Foolish Wives" Will Be Pre-
sented at Royal

"The production of 'Foolish Wives,'
has actually cost \$1,103,734.38. The
production, story, casts, sets, effects,
gowns, costumes and uniforms, prop-
erties, which are correct and authen-
tic to the minutest detail, and the
actual 'shooting' of the scenes took
from July 12, 1920, to June 18, 1921.

From this date on Mr. von Stro-
heim personally assembled and put
into continuity the story as he had
conceived it, which resulted in the
cutting down of 320 reels (320,000 ft.
of film) to thirty-two reels, which
later was reduced to 10,000 feet by
Arthur D. Ripley.

The number of people actually em-
ployed as "atmosphere" according to
the correct statistics, amounted to
15,000. In one particular scene on
the "ocean promenade" for which a
tremendous set had been built, 300
miles away from the studio, Mr. von
Stroheim had the honor of using the
very "Upper 400" of San Francisco's
elite society as "extras," besides 5,000
of the natives of Monterey, Cal.

In the scene of the U. S. cruiser,
which brings the Ambassador and
his wife to the shores of Monte Carlo,
the real U. S. Cruiser Salem and its
officers and personnel were used. The
captain of the ship playing the part
of the captain of the story. The
marines, who make up the guard of
honor, were the same marines who
accompanied ex-President Wilson on
his trips across the Atlantic. Prac-
tically all of the enlisted men and of-
ficers of the allied armies and navies
shown in the picture were ex-ser-
vants of the U. S. land and sea forces,
most of them actually disabled men.
In addition many real French and
British officers were used, all of
them wearing their own uniforms and
decorations.

"Foolish Wives" will be shown at
the Royal Victoria Theatre Monday,
Sept. 18.

WARD SEVEN, SAANICH, MADE NOTABLE SHOW

Excellent Standard Maintained
at Annual Exhibition Held
on Saturday

Noted for the wealth of display in
agricultural and horticultural prod-
ucts the annual exhibition of Ward
Seven, Saanich, B. C., Association,
held in the Tillamook School on
Saturday last was an even greater
success than in former years. While
in many instances the quantity of
the exhibit was less than in former
years, the quality was well main-
tained and the entire showing re-
ceived favorable comment at the
hands of the judges.

Vegetables, fruits, flowers, home-
making, art needlework, and school
exhibits, formed the main section of
the display. The manual training ex-
hibit was a notable one also, and re-
ceived warm appreciation from the
visitors. F. A. Pauline, M. P. P.,
opened the exhibition with a few
well chosen words. Refreshments
were served during the course of the
afternoon.

Great credit is due to the commit-
tee who brought the exhibition to the
high standard that it has maintained.
The committee included: William
Tomes, president; Thomas Knight,
vice-president; Mrs. E. How-
croft, secretary; treasurer, Mesdames
Hobbs, Hale, Stewart, Shipton, and
Messrs. Britton, Callow, Huddleston,
C. W. Newbury, White and Paterson.
Large numbers attended the ex-
hibition during the course of the day.

Awarded Prizes.
Francis Simpson, former councilor,
presented prizes won, towards
the close of the exhibition. Reeve
Watson and Mr. Simpson spoke
briefly, complimenting the growers
on their display. An auction sale of
garden produce, held later, created
considerable merriment, with T.
Knight in the role of auctioneer.

The judges were: Manual training,
Mr. L. Campbell; vegetables and
flowers, Messrs. Purdy and Bettsell;
art section, Trio; decorated tables,
Mrs. Woodward; fancy work, Mrs.
Abbott; home cooking, etc., Mrs. Mc-
Kenzie and Mrs. Nimmo.

The prize winners were as fol-
lows:

Section I—Flowers.
Artichokes—1st, 2nd, 3rd, 4th, 5th,
Major Hibben. Beans—1st, 2nd,
Mr. Evans; 3rd, Mr. Tomes. Beans,
kidney—1st, Mr. Mitchell; 2nd, Mrs.
Hobbs. Beans, wax—1st, Mrs. Joyce;
2nd, J. A. McLeod. Beans, dwarf
1st, Mrs. Mowat; 2nd, Glen Vallance.
Beets, long—1st, Mrs. Mowat; 2nd,
P. G. Savage. Beets, turnip—1st, J.
Callow; 2nd, Mrs. Mowat. Cabbages—
1st, Mr. Gollifore; 2nd, Mr. Ono. Cab-
bage savoy—1st, Mr. Mitchell; 2nd,
Mr. Waterhouse. Cabbages, red—1st,
Mr. Waterhouse; 2nd, Mr. Joyce.
Carrots, long—1st, Mr. Mitchell; 2nd,
Mr. Bailey. Carrots, short—1st, Mrs.
Nishimoto; 2nd, Mrs. Mitchell. Car-
rots, intermediate—1st, Mrs. Mowat;
2nd, J. A. McLeod. Cucumbers—1st,
Mr. Hibben; 2nd, Mrs. Galliole. Cau-
liflower—1st, Mr. Hibben; 2nd, Mr.
Simpson. Corn, golden—1st, (equal),
J. McLeod and Miss Joyce. Citron—1st,
Mrs. Potter; 2nd, Mr. Potler. Herbs—1st,
Major Hibben. Kale—1st, Mrs. Mowat;
2nd, Mrs. Potter. Leeks—1st, Mrs. Mowat;
2nd, R. H. Huddleston. Lettuce (cabbage)—1st, Mrs.
Mowat; 2nd, W. Tomes. Marrows—1st,
O. H. Brown; 2nd, Major Hibben. Onions
(globe)—1st, Mrs. J. Butterfield; 2nd,
Mrs. Taylor. Onions, flat—1st, Mr. Ono;
2nd, Mrs. Mowat. Onions, red—1st, Mrs.
Mowat; 2nd, Mrs. C. H. Newbury. Peas,
tall—1st, Mrs. Hobbs; 2nd, Mr. Bailey.
Peas, dwarf—1st, Mrs. Mowat; 2nd, Mr.
Bailey. Potatoes—1st, Mrs. Mowat;
2nd, Mr. Hittcheo. Potatoes, late—1st,
Mrs. Mowat; 2nd, Mr. W. J. Crawford.
Pumpkin—1st, Mr. Tomes; 2nd, H. Sim-
pson. Rhubarb—1st, Mrs. Mitchell; 2nd,
Mrs. Potter. Swiss chard—1st, Mrs. Mitchell;
2nd, Mrs. Hobbs. Shallots—1st, R. H. Hud-
dleston; 2nd, Mrs. Mitchell. Squash—1st,
Mrs. Mowat; 2nd, O. H. Brown. Sunflower—1st,
Mr. Paterson; 2nd, Mrs. Frampton. Tomatoes—1st, C. W.
Newbury; 2nd, Glen Vallance; 2nd, J. A.
McLeod.

Section II—Fruit.
Apples, early—1st, M. Coxworth; 2nd,
Mr. Nixon. Apples, late—1st, C.
W. Newbury; 2nd, Muriel Butcher.
Blackberries—1st, Mrs. Mitchell; 2nd,
Mr. Tomes. Grapes—1st, Major Hib-
ben; 2nd, J. Butterfield. Peas—1st,
Mr. Bridges; 2nd, Mr. Hanson. Peaches—1st,
Mr. Bridges; 2nd, Mr. Mitchell. Pears—1st,
Mr. Pope; 2nd, Mr. Pope. Plums—1st,
Mr. Pope; 2nd, Mr. Pope. Raspberries—1st,
Miss F. Butterfield; 2nd, Major Hib-
ben.

Section III—Fruit.
Apples, early—1st, M. Coxworth; 2nd,
Mr. Nixon. Apples, late—1st, C.
W. Newbury; 2nd, Muriel Butcher.
Blackberries—1st, Mrs. Mitchell; 2nd,
Mr. Tomes. Grapes—1st, Major Hib-
ben; 2nd, J. Butterfield. Peas—1st,
Mr. Bridges; 2nd, Mr. Hanson. Peaches—1st,
Mr. Bridges; 2nd, Mr. Mitchell. Pears—1st,
Mr. Pope; 2nd, Mr. Pope. Plums—1st,
Mr. Pope; 2nd, Mr. Pope. Raspberries—1st,
Miss F. Butterfield; 2nd, Major Hib-
ben.

Section IV—Manual Training.
Boys up to 12 years—1st, J. Ball;
2nd, J. Curtis; 3rd, J. Knich. Boys
12 to 14—1st, C. Thom; 2nd, F. Ap-
pleby; 3rd, A. Hale. Best of Saanich
Schools—1st, T. Roseman.

Section V.
Boys and Girls, 12 to 14.
Model drawing—1st, A. Hall; 2nd,
Rhoda Clark. Water color—1st, E.
Moore and A. Hale (equal). Oil
painting—1st, K. Butler; 2nd, B. Mc-
Leod. Landscape or flower—1st, B.
McLeod; special, Roy Stewart.

Children Under 12.
Colored design—1st, Watson Glen-
ning; 2nd, Mary McLean. Plasticine
model—1st, T. Shemitt; 2nd, H. Nish-
imoto. Apron—1st, E. Lanohich; 2nd,
Ada Britton. Dressed doll—1st, M.
Blewart; 2nd, May Blomberg. Hand-
kerchief—1st, L. Sadler and Mr. Gra-
ham (equal).

Girls Under 16.
Embroidery—1st, Lucy Kaye; 2nd,
May Stewart. Crochet—1st, Lucy
Kaye; 2nd, Annie Rogers. Tablecen-
ter—1st, D. Churchill; 2nd, E. Par-
tridge.

Section VI—Domestic.
Bread, white—1st, Mrs. Paterson;
2nd, Mrs. Hanson. Bread, graham—1st,
Mrs. Paterson; 2nd, Mrs. F. Simpson.
Bread, whole—1st, Mrs. Paterson;
2nd, Mrs. Booth. Cake, layer—1st,
Miss E. Simpson; 2nd, Mrs. Joyce. Cake, fruit—1st, Mrs.
F. Simpson; 2nd, Mrs. Thomas Knight.
Cookies—1st, Mrs. Tomes; 2nd, Mrs.
Edwards. Bottled fruit—1st, C. W.
Newbury; 2nd, Mrs. Paterson. Pickles—1st,
Mrs. J. Vallance; 2nd, Mrs. Baker.
Eggs, brown—1st, Mrs. Hud-
dleston; 2nd, Major Hibben. Eggs,
white—1st, Mrs. W. M. Taylor; 2nd,
Mrs. Byng. Honey, section—2nd,
Mr. Butterfield. Honey, bottled—1st,
C. W. Newbury; 2nd, Mrs. Kilburger.
Canned vege-
tables—1st, Mrs. Hobbs; 2nd, C. W.

The Fall Millinery Opening

Affords the Best Opportunity to Inspect

the New Modes

The Fall Opening is an event synchronous with Shorter
Days and Golden Leaves. To a woman it is the first evi-
dence of a new season.

The choicest Fall and Winter Modes are ready here. No efforts
have been spared in order that we might present to you fashions
that are the epitome of taste, timeliness and right pricing.
Charming and versatile are the Sports Hats from \$2.75 to
\$29.50.

The Dress and Dinner Hats were planned with all the ingenuity
of an artist and range in price from \$10.00 to \$37.50.

Gordon Drysdale
LIMITED

To Holders of Five Year 5 1/2 per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders
of these bonds who desire to continue their
investment in Dominion of Canada securities the
privilege of exchanging the maturing bonds for new
bonds bearing 5 1/2 per cent interest, payable half yearly,
of either of the following classes:—

- Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
- Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st
December, 1922, the new bonds will commence to earn
interest from 1st November, 1922, GIVING A BONUS
OF A FULL MONTH'S INTEREST TO THOSE
AVAILING THEMSELVES OF THE CONVERSION
PRIVILEGE.

This offer is made to holders of the maturing bonds
and is not open to other investors. The bonds to be
issued under this proposal will be substantially of the
same character as those which are maturing, except
that the exemption from taxation does not apply to the
new issue.

Holders of the maturing bonds who wish to avail
themselves of this conversion privilege should take
their bonds AS EARLY AS POSSIBLE, BUT NOT
LATER THAN SEPTEMBER 30th, to a Branch
of any Chartered Bank in Canada and receive in exchange
an official receipt for the bonds surrendered, containing
an undertaking to deliver the corresponding bonds of
the new issue.

Holders of maturing fully registered bonds, interest
payable by cheque from Ottawa, will receive their
December 1 interest cheque as usual. Holders of
coupon bonds will detach and retain the last unmatured
coupon before surrendering the bond itself for conversion
purposes.

The surrendered bonds will be forwarded by banks
to the Minister of Finance at Ottawa, where they will
be exchanged for bonds of the new issue, in fully
registered, or coupon registered, or coupon bearer form
carrying interest payable 1st May and 1st November
of each year of the duration of the loan, the first interest
payment accruing and payable 1st May, 1923. Bonds
of the new issue will be sent to the banks for
delivery immediately after the receipt of the surrendered
bonds.

The bonds of the maturing issue which are not
converted under this proposal will be paid off in cash on
the 1st December, 1922.

W. S. FIELDING,
Minister of Finance.

Dated at Ottawa, 8th August, 1922.

OAK BAY PARK WILL PASS TO MUNICIPAL HANDS

By-law on Acquisition Carries
Majority Required

Placed before the Oak Bay elec-
torate the second time, the Oak Bay
Park By-law carried at the polls on
Saturday. Voting continued in the
Oak Bay High School at intermis-
sions throughout the day with 474
votes cast in the close of the polls.
R. F. Bland acted as returning of-
ficer with Major Grey as deputy.
Of a total of 374 cast, 10 ballots
were rejected making a working
total of 464. Of this latter figure
two-thirds was required to pass the
by-law, of 272, while the actual
"ayes" totalled 285, or a majority of
six votes. The passing of the by-
law in a measure is a vote of confi-
dence in the Reeve and Council, it
is said, who were solidly behind the
scheme to acquire the park from the
B. C. Electric Railway Company.

WERE DELIGHTED WITH RECEPTION

Maple Leaf Post, American Legion, Warmly Welcomed

The Maple Leaf Post of the American Legion, which visited Victoria over the week-end, was delighted with the reception received at the hands of Provincial and civic officials and the service organizations of the city. Following the football game Saturday between the visiting team and that of the local veterans, which resulted in a victory for the former, to the tune of five to two, the visitors were taken for drives about the city.

All the service clubs in the city were thrown open for the convenience of the visitors, and in the evening after the community dance at the Armories the visitors repaired to the various clubs to enjoy the concerts and the hospitality of the local veterans.

The Great War Veterans' Association, the Grand Army of United Veterans, which went to the trouble of securing the Trades and Labor Hall for their concert, the Canadian Legion, Veterans of France and the Army and Navy Veterans all joined in making the visitors feel at home. A pleasing feature of the celebration was the presentation made to A. Ross, commander of Maple Leaf Post, American Legion, who was made the recipient of a handsome pipe and tobacco pouch, John Cairn, adjutant of the post, played a large part in making the affair a success.

The Parliament Buildings were illuminated Saturday evening in honor of the visitors. The G.W.V.A. has written letters of appreciation to Premier Oliver, Mayor Marchant, Col. Rev. Andrews, Stephen Jones for the decoration of the Dominion Hotel in honor of the visitors, and to others who assisted in the entertainment of the American Legion. The letters convey the thanks of the ex-service men of the city for the co-operation extended in making the excursion to Victoria such a success.

FOUND AN ICE WELL

Montana Indian Discovers Frank of Nature on Reservation.

More than eight years ago John Spotted Wolf, an Indian of the Cheyenne reservation in eastern Montana, decided that he should like to have a well near his dog cabin. So he and his wife Mary chose a spot near a large pine tree, perhaps twenty rods from the door, and then John began to dig. By noon of the second day he had dug down ten feet. Although the weather was mild, he had complained of being cold while at work. After eating he put on an extra coat and went to work again. He kept Mary and her brother Rolling Bull busy hauling up and carrying away the dirt that he loosened. But in spite of John's extra clothing he still was

cold. On the third morning he added more clothing, but when night came and the well had reached the depth of eighteen feet he was almost frozen.

The next morning he again descended the well and worked as rapidly as his many layers of clothing would permit. After a while water began to appear. Suddenly he shouted: "Pull me up! Pull me up!" John had barely reached the surface before the well filled to within a foot of the top and then began to freeze around the edges. In a short time only a small opening perhaps a foot in diameter remained.

The well remains the same way year after year. During the day in summer the sun melts the ice around the top, but at night it freezes again. The well, which furnishes a permanent ice supply for the people in the neighborhood, is a strange freak of nature, of which there are so many in the western part of the State. Tourists, who visit the reservation regard it as a great curiosity.

BEAT TAX COLLECTORS.

A chemist at Chesham committed suicide as a protest against heavy taxation.

In a letter addressed to the police he declared, "I am tired of this life. Business is bad, and above all, I am disgusted to find my taxation still increasing. I am getting tired of paying taxes."

"I have come to the conclusion I had better leave this rotten world, where one has to keep working only to pay taxes."

COUNT HIM IN

"I say, old man," said the thirty stranger in confidential tones to the native of the town, "can you tell me where one could get a good drink?"

"Well, now, mister, no," the native drawled. "But if he added encouragement, 'I could tell you a place where two could get good drinks.'"

Another New Laundry Service plus Bigger Laundry Value. It's Another Health and a Labor Saving Step for the Woman and a Money Saving One for the Man.

This New Service of Ours We Have Decided to Call the—

Semi-Finished Service

What does this new service mean to you? It means that we will wash your entire family bundle INDIVIDUALLY, making it spotlessly pure and clean by SEVEN different waters. We will iron the bed and table linen and return the balance damp (NOT WET) ready for ironing. Don't fail to try this "SEMI-FINISHED SERVICE."

MAKE SPECIAL ARRANGEMENTS FOR OKANAGAN APPLES

Cunard Company Plans to Put Canadian Fruit on British Market

With the introduction of a system of fan cooling the holds of its vessels operating on the Canadian route from Montreal to England, the Cunard Company is making a special drive for the transportation of the high grade apple crop of the Okanagan orchards to the English market, according to C. A. Whitehead, general agent of the Cunard Company in Vancouver.

Reduced rates have been put into effect, and with the new system of slow, shippers are assured their fruit will arrive in England in prime condition to top the market and meet the competition of the Western United States.

The advantage of the new system of cooling the holds by continuously moving large volumes of air, at the expense of refrigerating equipment is unnecessary, while such fruits as apples find air circulation a satisfactory substitute for low temperature.

According to estimates made for the Cunard Company, the Okanagan apple crop will this year amount to but seventy per cent. of last year's harvest, and to secure a good portion of this for the British market the company has put freights to 40 cents per box for the sea trip.

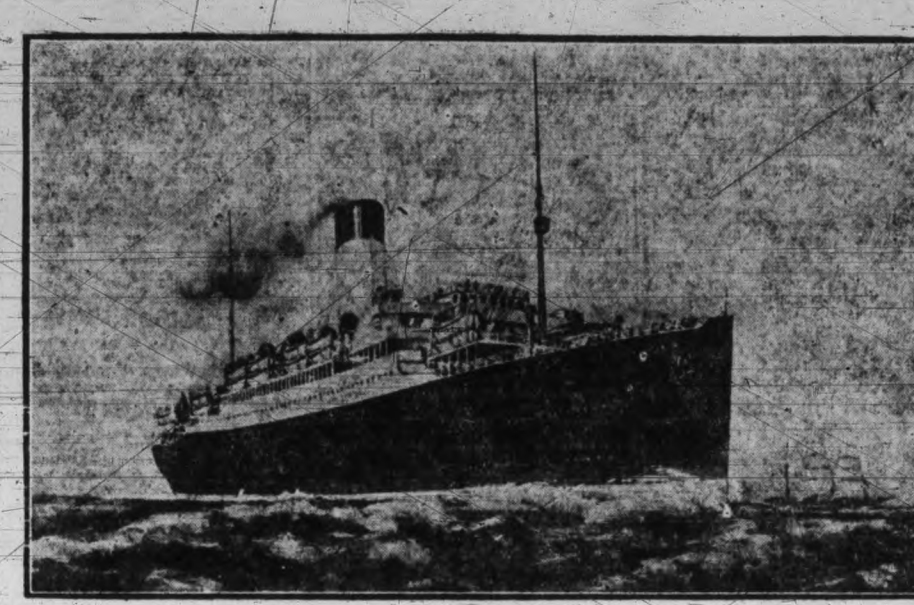

TAKING NO RISKS. It was the first time she had ever been umpire at a cricket match, and she was anxious to be scrupulously fair.

"How's that?" cried the field as her best friend was stumped.

"Well," she replied after some deliberation, "I don't know, but I think it was more out than not."

NEWEST OF GREAT CUNARD FLEET

The new Cunard S. S. Ausonia will sail on her first voyage from Montreal to England on Saturday next. The vessel is one of the finest one-cabin ships afloat.

MUST PAY LOSSES CAUSED BY WARTIME PRIORITY ORDERS

Salmon Packers Could Get No Cans; Now Pay Contract Damages

Vancouver, Sept. 11.—Failure to deliver 5,000 cases of Fraser River pink salmon, caused by inability to secure cans in 1917, resulted in Evans, Coleman & Evans being assessed damages totaling \$28,000, by Mr. Justice Morrison, the plaintiffs being Richard Crispin & Co. of London, England. Crispin & Co. sold the salmon to M. Lebeaupin, of Nantes, France, who subsequently was awarded \$12,500 damages against the English firm for breach of contract. That sum was the award of an umpire and was upheld by Mr. Justice McCardie of the King's Bench Division of the English High Court of Justice.

POLAND DEVELOPING MERCHANT MARINE

Government Interested in Increasing Tonnage

The Polish Government is taking active steps to develop a Polish Merchant Marine. The Ministry of Foreign Affairs recently gave out a list of the ships that are registered with the Merchant Marine section of the Ministry of Industry and Commerce, and appended the information that the Government is interested in increasing the tonnage of the Polish Merchant Fleet. The Polish Government possesses two ships: the Lwow, a school ship, and the steamer Kaszuba. In addition there are registered with the Polish Government the following ships: Wisla, Wawel, Gazolina, Mira, Polonia and Hanom.

Naval Training School. For the purpose of training officers and mechanics for the Polish commercial fleet, the Ministry of Industry and Commerce has established a naval training school in Tczew. The school has two principal departments—navigation and mechanical engineering. The courses are conducted over a period of three years, during which time the students are to spend fifteen months in actual navigation, either on the school ship Lwow, or on other Government or private ships chosen for the purpose.

Candidates for admission to the school must have attained Polish State secondary schools for at least six years, and have passed rigid physical examinations. Candidates must be between 16 and 18 years of age when entering the school, though in special cases those over 18 may be accepted for good cause. Graduates of the school will be given State commissions, certifying to their ability as navigation or mechanical officers, according to the course of study pursued.

In 1922, twenty students will be accepted in each of the two departments of the school.

TRANS-PACIFIC MAIL

The Trans-Pacific mail sailings have been listed for September. The schedule and closing time runs as follows: President Jackson—Mails close Sept. 2, due at Yokohama Sept. 3, Shanghai Oct. 19, Hongkong Sept. 23.
Empress of Russia—Mails close Sept. 3, due at Yokohama Sept. 4, Shanghai Oct. 21, Hongkong Sept. 25.
Yokohama Maru—Mails close Sept. 4, due at Yokohama Sept. 5, Shanghai Oct. 5, Hongkong Oct. 9.
President Grant—Mails close Sept. 12, due at Yokohama Sept. 13, Shanghai Oct. 2, Hongkong Oct. 7.
Empress of Australia—Mails close Sept. 25, due at Yokohama Oct. 10, Shanghai Oct. 14, Hongkong Oct. 20.
Manila Maru—Mails close Sept. 25, due at Yokohama Oct. 3, Shanghai Oct. 20, Hongkong Oct. 25.
President Jefferson—Mails close Sept. 26, due at Yokohama Oct. 15, Shanghai Oct. 17, Hongkong Oct. 21.

Niagara—Mails close—Sept. 22, 8:30 a.m., via San Francisco.
Manzanilla—Mails close Oct. 3, 1 p.m., via San Francisco.

GERMAN STEAMER

FOUNDERS OFF VIGO

All Passengers Saved By Three Steamers

Vigo, Spain, Sept. 10.—The naval authorities report all passengers on board the German steamer Hammonia were saved when the vessel foundered 80 miles off this port while on a voyage to Cuba and Mexico. The cause of the disaster is not known. Three steamers effected the rescue of the passengers and crew.

MUCH LUMBER MOVES TO HAWAII

Seattle, Sept. 11.—As a result of the heavy movement of lumber from Puget Sound to Hawaii, Alexander & Baldwin, Ltd., has chartered the sailing schooner Meteor, owned by Henry G. Seaborn of Seattle, for a voyage from Bellingham to Honolulu. The Meteor is expected to go on berth in Bellingham at the end of the month. The vessel is now in Honolulu and will leave that port for the Sound in a few days. The Meteor carried a cargo of nitrates from the west coast of South America to Honolulu.

The sailing schooner Mary E. Foster, owned by Allen & Robinson of Honolulu, has completed a cargo of 1,200,000 feet of lumber at the Bloedel-Donovan Mill in Bellingham. The motorship Chalmers of the Ocean Motorship Company, under charter to Alexander & Baldwin, sailed from St. Helena, Ore., Sept. 3, for Kahului, Hawaii, with a cargo of 1,575,000 feet of lumber. The vessel has been chartered for one voyage by Alexander & Baldwin.

DIFFERENCE

"I can't go home, in dat water wid you, Bre'r Williams," the convert; "It's too 'fraid of alligators." "Nonsense," said Bre'r Williams. "Didn't it turn out all right wid Jonah after he was swallowed by de whale?"

"Yes," replied the convert, "but a Georgy alligator is mo' tougher dan what a whale is, in en less conscience. After de evangelists you be goes to sleep and forgets all erbout you."

It is singular how the possession of a diamond ring will cause the nose to itch.

PASSENGER AGENTS

COMING TO VICTORIA

Important Convention Tour Ends in Victoria-Next Week

Next week Victoria will be visited by 400 members of the American Association of Traveling Passenger Agents, now on a transcontinental tour of Canada as the guests of the Canadian Pacific Railway Company.

The party will arrive on Tuesday, September 13, traveling from the Mainland by Princess Charlotte, which has been specially assigned to their use. Reception ceremonies are being arranged by the civic authorities, the Rotary, Kiwanis and other clubs of Victoria.

Meetings on Train. Winnipeg, Sept. 11.—Among the many important cross-Canada tours this year by varied organizations, none is more important to Canada than that of the American Association of Traveling Passenger Agents, which group passed through Winnipeg to-day en route West.

Upon the invitation of the Canadian Pacific Railway the association decided to hold its convention in Canada, and the tour was arranged as being the best possible way of showing hundreds of United States Railway men the advantages which Canada has to offer for tourist traffic.

Conventions will take a novel form in that its varied meetings will be held in the more important cities as the special train moves toward the Pacific Coast.

By the time all those intending to join the party have arrived there will be over 400 present, and from Winnipeg two special Canadian Pacific Railway trains will bear them westward.

The first meeting of the convention is being held at the Royal Alexandra Hotel, Winnipeg, after a civic reception at Moose Jaw, in order that the agents may see the new Canadian-Pacific Railway Passenger terminals there.

After a stop at the Canadian Pacific Railway Farm at Strathmore, the trains will move on to Calgary where the party will be entertained at the Palliser Hotel, the Rotary, Kiwanis and other clubs assisting in the civic reception and the golf clubs being thrown open to the members, as at the other cities.

The evening will be given up to a dance which will be a dance at the Banff Springs Hotel during the evening.

On Wednesday, September 13, the party will arrive at Banff, where meals will be served at the Banff Springs Hotel. A similar program will be gone through at Lake Louise, and several side trips have been arranged.

Sunday in Vancouver. The sublime mountain scenery between Lake Louise and Revelstoke will be passed through in daylight on special observation cars and the trains will stop at Revelstoke for the night, where a dance will be held at the Revelstoke Hotel. After another daylight run through the beautiful lake and fruit country of the western slope the trains will arrive at Vancouver on September 17, and the following day will be spent in sight-seeing and in holding the final meeting of the convention at the Hotel Vancouver.

On Tuesday the Canadian Pacific Steamer Princess Charlotte will convey the party across to Vancouver Island, and a day will be spent at Victoria, where the Rotary, Kiwanis and other clubs will augment the civic reception.

At midnight the party will sail for Seattle, where entertainments will be provided by local organizations and the tour will come to an end.

The most complete arrangements have been made by Canadian Pacific officials to ensure that those present shall miss nothing of the scenic glories or of the points of interest passed on the way to Victoria. A feature of the trip will be the publication of a daily bulletin, which will deal with the day's progress and draw attention to what should be seen on every Thursday at 8:30 a.m.

The party will also be lavishly supplied with literature descriptive of the country, and a very complete collection of picture postcards will be distributed at every stopping place.

Many Newcomers. A large number of the American members of the association are making their first visit in Canada, and some of them come from as far South as Mexico.

Fred R. Perry, president of the association, and Canadian Pacific agent at New York, and Paul G. Benedict, of Winnipeg, secretary, are leading members of the party. The gathering includes practically all the important passenger traffic men of the United States Railroads.

Issue Motor Plates.—The Victoria and Island Publicity Bureau has had manufactured one thousand automobile plates which are attachable to the regular license number plates.

The plates bearing the words "Victoria, B.C." This is part of the advertising scheme of the bureau and the plates will be sold to local motorists at twenty-five cents apiece.

It has become quite a common practice now for motorists to advertise their home towns by carrying such a name plate on their cars.

NEWS IN BRIEF

G. W. V. A.—The executive of the Great War Veterans' Association will meet in the club rooms, Bastion St., at 8 o'clock to-morrow evening.

Arion Club Practice.—The first practice of the Fall season will be held by the Arion Club this evening, commencing at 8:15.

Lost Service Badge.—The loss of a service button, No. 12311, has been reported to the city police by C. B. Hill-Tout, 52 Linden Avenue.

In County Court.—His Honor Judge Lammiman held County Court to-day, setting dates in a long list of hearings for the September trials.

Mayor is Busy.—Mayor Marchant was busy all morning signing one million dollars' worth of debentures which were lately ordered sold and are now ready to be taken up.

Saanich Health Centre.—The regular monthly meeting of the Health Centre, W. A., will be held on Tuesday, September 12, at 2.30, in the Health Centre.

G. A. U. V. Meeting.—A meeting of the executive of the Grand Army of United Veterans will be held in the club rooms, Langley Street, at 8 o'clock this evening. All members are requested to attend.

Tubercular Veterans Meet.—A general meeting of the Tubercular Veterans' Association has been called for to-night. The business of the session will be the consideration of communications received from official sources at Ottawa.

Tolmie Primary School.—A delay in securing desks will prevent the opening of the Tolmie Primary School on Wednesday next, it is stated. The date of opening has not been refixed, but will be contingent on the completion of equipment.

House Was Entered.—In a report made to the police to-day John Wenger, 1608 Quadra Street, complains that his home was entered between Thursday and Saturday in last week. Nothing appeared to have been taken.

Craigflower P. T. Association.—The Craigflower Parent-Teacher Association will resume sessions on September 15, at 7.45 p.m. in the school. Canon Hinchcliffe will address the meeting on "Education." Mr. Williamson has consented to render vocal selections.

Wearing Straw Hats.—Owing to the extreme heat of the past few days many of the men who had put away their straw hats for the winter and donned felts have appeared on the streets in the former headgear.

Canadian Authors.—The regular monthly meeting of the Victoria and Island Branch of the Canadian Authors' Association will be held at 8 o'clock to-morrow evening in the library of the Bishop of Victoria, who has kindly invited the authors to meet there.

Gaelic Society.—The Gaelic Society will hold series of entertainments to be given this winter in Orange Hall, the first of which will take place on September 20. The programme committee has been busy preparing the series and some excellent talent has been secured.

Anti-Vaccinationists Meet.—A meeting of the local branch of the Anti-Vaccination Society has been called for Tuesday evening at the Trades and Labor Hall. The meeting will consider representations that are to be made to Dr. Hawden, an English member of the Society, upon his arrival here shortly.

Bishop Goes East.—The Right Rev. the Bishop of Columbia left yesterday for Toronto and Brampton for the meetings of the House of Bishops and the general committee meetings of the General Synod. His Lordship is expected to return home about the second week of October.

Elks Will Dance.—The Elks Swimming Club will be hosts at a dance to be given at the Gorge Hall on Wednesday evening, commencing at 8.30. Guard's orchestra will officiate, while the arrangements are under the guidance of a committee composed of Messrs. L. Sanders, E. Stock and C. Ferriman.

Parent-Teachers Meet.—The Oakland Parent-Teachers' Association will hold its first meeting of the Fall series to-night in the Oaklands School. The session will begin at 8 o'clock, when all members are requested to be on hand. Major Clark, president of the Margaret Jenkins Parent-Teachers' Association, will be the speaker of the evening.

Old Country Club.—The Old Country Club will open its Winter season at Leighton House on Tuesday next, and by special arrangement, the Fine Arts gallery will be thrown open to the club and its friends from 8 to 9 p.m.

Hall & Co.—The new building, which will be occupied by social gathering and a whist drive. The aim and objects of the Old Country Club were highly lauded by Ex-Speaker Lowther on his last visit to the club, as he considered that the upholding of British Imperial ideals tended to good fusion with overseas kin, and made for better Canadian nationhood.

Psychological Lecture.—This evening at the New Thought Temple, 925 Pandora Avenue, Dr. F. W. Butler will give a free lecture on "The Science and Power of Mind" from a psychological viewpoint, and all who are interested in advanced study are cordially invited to attend.

Rabbit Breeders to Meet.—The Victoria and District Rabbit Breeders' Association will hold its regular monthly meeting at the Y. M. C. A. on September 12, at 8 o'clock. As this will be the final rally before the big drive it is hoped that all members will be present.

Repair Keating Hall.—A gallery and two dressing rooms have been added to the accommodation of the Keating Temperance Hall, Keating, by the trustees in preparation for the forthcoming entertainment season. The building has been painted and remodelled throughout, and will be the scene of many meetings this Fall, it is said.

Kumtuka Club.—Members of the Kumtuka Club met for lunch to-day in Spencer's Restaurant, when Miss Mustard gave an interesting address on "A Trip Up the West Coast," with special attention to its industries. The club's next meeting will be on Monday evening next at 8 o'clock in the Alexandra Club Room.

G. W. V. A. Tag Day.—Over five hundred dollars was collected at Saturday's tag day for the Great War Veterans' Association, and the association extends its thanks to all who worked so hard to make the affair a success. The money goes toward the fund which is used to assist ex-soldiers or dependents in distress.

Stabbing Victim Progresses.—Though his condition is mending, William Roach, the victim of the alleged stabbing affray on Johnson Street recently, is still too ill to attend court. He was lunch to-day. Roach is still confined to hospital and receiving constant medical attention. John Handley, accused with the alleged stabbing, awaits trial as soon as Roach can attend court.

Body is Identified.—A verdict of found drowned was returned by Coroner's jury in the inquest on the body of Tong Hong Yuen at the B. C. Funeral Parlour to-day. The remains were taken from the waters of the Inner Harbor on Saturday, and were later identified as the body of Tong Hong Yuen a sawmill employee of Duncan B. C. On the body were found some keys and personal effects but no indication of identity. Coroner E. C. Hart presided.

False Alarms.—Two false alarms disturbed the rest of the Fire Department yesterday, the first being rung in at 8.10 p.m. at the corner of Esquimalt Road and Rothwell Street, and the latter at 11.50 p.m. at the corner of Richmond Road and Fort Street. A serious grass fire at Beacon Hill Park occasioned a run earlier in the day, being fought for three hours before the flames were subdued.

Fruit-Flavored Ice Cream

"Bordeaux" Ice Cream is made from pure whipping cream, and is flavored with fresh fruit—no extracts. It is this fresh fruit flavoring that makes it so supremely delicious. Treat yourself to a dish of fruit-flavored ice cream to-day.

Ward Three Liberals.—Ward Three Liberals will meet in the Liberal Rooms to-morrow night, as arranged by the committee of the organization of the ward and decide on a programme of entertainment for the winter months, it is hoped the members will turn out in full force. Several applications for membership will be presented for approval.

The Nervous Cow.—A tale of a nervous cow was conveyed to the city police to-day in a report from its owner who claims the cow was abandoned and ill-treated while tethered in an open field. One flank was cut in two places and the animal otherwise maltreated it is said. The cow must be kept tethered being of an extremely nervous disposition the police were told. The police will investigate.

Bidding Not Spirited.—Out of sixty-two properties put up at the Esquimalt Municipal Sale this morning but thirteen found buyers. Of the lots sold twelve went for the amount of the taxes outstanding on them in arrears. The bidding was uninspired and has left the vast majority of the tax sale property still in the hands of the municipality. It is understood a report on the proceedings will be furnished to the council to-night.

Liberals to Meet.—A general meeting of the Liberal Association has been called for Friday evening at 8 o'clock in Liberal Rooms, Government Street. While the meeting is called to elect delegates to the Nelson convention which is to be held on September 28, other features will be introduced as it is expected the Hon. Dr. King, Federal Minister of Public Works, will be present. Further announcement will be made later.

Machine Gun Parade.—The 11th Canadian Machine Gun Brigade, No. 1 Company, will parade at the New Drill Hall, Bay Street, on Tuesday at 7.50 p.m. Young men between the ages of 18 and 35 who are desirous of associating themselves with the Canadian Machine Gun Corps are invited to interview the commanding officer between the hours of 8 and 10 on this and subsequent Tuesday evenings throughout the coming winter.

Oak Bay Tax Sale.—Concluding its tax sales to-day, Oak Bay has disposed of 37 additional properties in the morning's bidding. These reached a total of \$4,824.21. Some 149 properties remained in the hands of the municipality after the bidding was all over. This property may go later, one application being received less than an hour after the sale. The remaining lots include 29 fractional properties intended for subdivision and these with the rest will be sold at the upset price by individual sale.

BRONCHIAL ASTHMA

One of the most uncomfortable complaints of the season can be readily eliminated. A most efficient remedy for Hay Fever and Bronchial Asthma is sold at the Hillside Pharmacy, corner Quadra and Hillside.

NEW RAILROAD TO GO FIVE MILES UP COWICHAN LAKE

Plans filed with the Government to-day by Henry C. Hall, K.C., attorney for the Cowichan Bay Railroad, call for a five-mile line along the southern side of Cowichan Lake as well as the main line from Deerholme on the C. N. R. to the head of Cowichan Bay.

The new extension will run along the lake shore as far as Bear Lake. There wharves will be constructed for loading the timber on trains. The timber will be brought down Cowichan Lake in booms from the logging camps.

This is the first projected line along the south side of Cowichan Lake. The C. N. R. has a right-of-way along the northeast side ready for the laying of rails to give direct connection with Nitinat as soon as Ottawa gives the word.

The route of the Cowichan Bay Railroad from Deerholme will cross the C. P. R. Island line at Kokislab Station. It will reach Cowichan Bay on the Highland Highway half-way between the present wharf and Corfield's farm. The Corfield family is now considering what arrangements can be made with the railway company in view of the \$2,000,000 terminal townsite which is to be established and sold.

The Bear Lake extension will run through a rich timber belt, which has not been touched.

LIQUOR CASES ARE ADJOURNED FURTHER

Prosecution Counsel Not Instructed as to Further Conduct of Trials

Called on remand in the city police court to-day the defendants, Lester Bayne and Frank Kershaw, charged with infractions of the Government Liquor Act, were further remanded. R. C. Lowe, for the prosecution, the Liquor Control Board, stated that he had conferred with the Attorney-General, and that the Hon. A. M. Manson was to give his decision later in the day. Mr. Lowe asked for remand until to-morrow, by which time he would be fully instructed.

In the hearings in the police court last week Mr. Lowe had asked for a remand so that the wish of the Board in the present prosecution could be stated. An appeal of the previous acquittals or a withdrawal of existing charges might result it was indicated.

Ernest Miller for the accused Kershaw and Bayne, agreed to-day to the further delay, the court assenting. Arising out of the recent activity of the officers of the Liquor Control Board three other remand cases have yet to be heard, those in which Geo. W. Nicholson, Philip Hornby and W. S. Davison are charged with infractions of the Government Liquor Act.

Trial Resumes.—The hearing of Saanich Municipality versus William McFadden resumed in the Supreme Court to-day before Mr. Justice Murphy. H. B. Robertson, K. C., appears for the plaintiff, and the case which seeks to establish their ownership of a certain highway near the northern end of Elk Lake, claimed by the defendant William McFadden. C. C. Elliott appears for the defendant.

Probates Issued.—Probates and administrations issued out of the Supreme Court Registry last week include the following estates: Ash-down Thomas Green, died at Duncan, B. C. on June 7, 1921, estate valued at \$2,315; William Wargett Harker, died at Victoria, April 2, 1922, estate valued at \$1,029; James H. Fawcett, died at Victoria, June 1, 1922, estate valued at \$5,045; William Gunter, died at Shawnigan Lake, August 10, 1922, estate valued at \$2,010; Edward Arman Lewis, died at Victoria, August 6, 1922, estate valued at \$5,544.55; administration of estate of Andrew Weir, died at Victoria, November 20, 1921, estate valued at \$552.

Rotary Club Ball.—An enjoyable event in prospect is the big Rotary Club ball which is being planned to take place on October 6 in the Armories. The large hall will be fully decorated for the occasion with the Rotary colors, and Guard's orchestra has been engaged. A special supper will be a feature of the entertainment, so that non-dancers may enjoy the function as well as those who take a more energetic part in the programme. An able committee is devoting itself to the arrangements under the chairman, Rotarian Frank Sehl, its personnel being as follows: Rotarians—Bob Playfair, Bob Strachan, Alvin Howard-Gibson and Alexander Peden. The object of the undertaking is to raise funds for the financing of various Rotarian activities and the tickets will be on sale by Thursday at the city stores.

In Police Court.—Six months suspended sentence was passed on Frederick Smith in the police court to-day. Smith was convicted in a trial on Saturday in which he was found guilty of breaking and entering premises occupied by his wife, Magistrate Jay warned the accused that he would have to keep the peace and that the indulgence of suspended sentence would not last if he created any overt act. Further consideration of his family would lead to a sentence of imprisonment on the present charge he was warned. The accused thanked the court and promised to keep the peace. He is to report once a month to the Chief of Police. Wong, charged on remand with being in possession of "hard" liquor was further remanded for hearing on Wednesday. J. A. Alkman appeared for the accused, requesting the remand.

Man Still Missing.—No trace of the French Canadian logger Lussard, who was lost in the woods near Cowichan Lake logging camp on Wednesday last week has been found by searchers up to noon to-day. The logging camps and district police are engaged in a vigorous hunt for the man who was reported to have been acting strangely. It will be remembered that upon the last occasion of this nature, that of a cook missing at Sooke, the man was lost nineteen days and when found was

A New Pleasure for Lovers of the Pianoforte

The Cabinet Player Piano was hailed as a wonderful instrument a decade or so ago, to-day the introduction of the electric reproducing grand piano marks the beginning of a new era of pianoforte enjoyment.

The name Lyon & Healy, Chicago, on this new electric reproducing grand piano is in itself a guarantee of superlative quality, and the artists whose pianoforte technique it reproduces so faithfully are the most celebrated in all the world.

All lovers of pianoforte music are cordially invited to come and hear this wonderful new grand piano.

FIRE LOSS WAS LIGHT IN AUGUST

City Suffered But Little Damage From Numerous Alarms

In a summary of a report of the monthly fire loss and statistics made by Chief Stewart to the Fire Warden to-day the loss for the month is quoted as \$1,217.75. The report follows: The department answered 25 alarms of fire. The loss by fire on contents were, \$887.30; the loss by fire on buildings, \$246.45; total loss by fire for the month was \$1,133.75. Routine work consisted of: Inspections, 385; prevention notices, 10; police conviction, 11; drills, 213; burning permits, 64.

BITTER REMARKS BY DR. WIRTH

London, Sept. 11.—The German Chancellor, Dr. Wirth, referred bitterly to the collapse of the reparations negotiations with Belgium while attending a political gathering at President Ebert's residence yesterday, according to the Berlin correspondent of The Times.

Dr. Wirth declared Belgium had temporarily made it impossible an agreement for a prolongation of the term of issue of the Treasury bonds which Germany is to turn over in place of cash, by insisting that the Reparations Commission's decision be carried out to the letter. Germany had proposed that the Treasury notes mature in eighteen months instead of six as suggested by the Reparations Commission.

COLONIZATION PLAN TO GO INTO EFFECT

Western Canada Colonization Association Gives Details

The Western Canada Colonization Association, in close co-operation with the Federal and Imperial Governments and the Canadian railways, have worked out a well-matured land settlement policy, which is to be put into effect forthwith—a policy which carries the backing and co-ordinates the colonization activities of these Governments and railways, and of other immigration agencies.

The plan is the joint product of the best available sources of information on the subject. It represents more than a year of continuous investigation, to which the foremost colonization

SIR JOHN WILLISON,
President of the Canada Colonization
Association

tion experts of Canada, Great Britain, and the United States have contributed the knowledge born of experience.

The net result is a comprehensive scheme, which, by mobilizing the latent immigration forces of the day in a far-reaching, co-operative land settlement movement, should speedily inaugurate an increasing flow of carefully selected settlers to the vacant agricultural areas of the Do-

HON. CHARLES STEWART,
Minister of Immigration and Colonization, who has taken a leading part in formulating the co-ordinated land settlement plan announced today by the Canada Colonization Association.

minion. In so doing it will go far to assist the Federal and Provincial Governments, and the railways, in solving the most pressing of the economic problems which face them in a trying post-war period. It is chiefly by a marked increase in the number of people on the land that we shall wipe out the deficit on the national railways, lessen the burden of the national debt, lighten the incu-

RT. HON. L. S. AMERY,
Member of the Lloyd George Government and Chairman of the Overseas Settlement Board, which is administering the "British fund" of \$225,000,000 for assisted settlement in the Dominions. Part of this fund will now be used to assist in financing the welfare work of the Canada Colonization Association.

dence of taxation and introduce a new era of prosperity for the whole country.

In successive conferences at Ottawa, leading up to the present announcement, the Prime Minister, Honorable W. L. Mackenzie King, the

The National Land Settlement Plan

THE PROBLEM AND THE SOLUTION.

The British and Canadian Governments have joined with the Canada Colonization Association and the Canadian Railways in a co-ordinated land settlement plan covering all the Provinces. An efficient colonization machine is being set up and will begin to operate forthwith. Colonization in Canada has been at a comparative standstill ever since 1913. Yet nothing is clearer than that effective land settlement on a comprehensive scale is the only available solution of the country's pressing economic and financial problems. By increasing the farming population and agricultural production throughout Canada, we shall lower freight rates, stimulate business, lighten the burden of the national debt to every individual family, lessen Federal, Provincial, and Municipal taxation, and go far to eliminate the serious annual deficit on the National Railways.

BRITISH AND EUROPEAN SETTLERS.

The Western Canada Colonization Association has made a thorough study of the situation and is, therefore, in a position to speak with authority.

According to first-hand information gathered by representatives of the Western Canada Colonization Association, who have just returned from the British Isles, it will be possible to draw from England, Scotland and Ireland a steady flow of the splendid British stock, which has been the back-bone of Canadian development in the past, and which is essential to future Canadian development on the soundest lines. A considerable number of hardy settlers is also available in approved Northern European countries. Thousands of people in Switzerland, Denmark, Norway, Iceland and other countries, who are forced by economic conditions to seek new homes, and carve out new careers in distant lands, can be induced to migrate to Canada.

AMERICAN SETTLERS.

Large numbers of American farmers who purchased or rented land at high prices during the boom period of the past five years, find themselves embarrassed by the recent declines in the quotations on farm products. Many of them who are unable to carry on in their present field still possess their farming equipment and sufficient money to assist them in starting afresh in a new country. The existence of such conditions over large areas in the United States has presented this country with a remarkable opportunity to obtain a considerable body of high-class settlers accustomed to agricultural life.

DIRECTION FOR NEW-COMERS.

The situation demands a vigorous, sustained and intelligently directed effort to revive the stream of immigration, and to foster and nurse the new arrivals until they take root under changed conditions. Under the plan now announced, the Canada Colonization Association hereafter defined, will take over these newcomers on arrival, assist them in the selection of land, and look after them during the initial period of their pioneer venture. The Association will be in a position, impartially, to advise settlers as to the land and the locality for which their previous training, and their financial standing, best fit them, and to guide those entirely unfamiliar with Canadian methods of farming. The Association will, in fact, bridge the gulf between a miscellaneous collection of would-be settlers, and a miscellaneous collection of would-be vendors, utilizing the local land agents as far as possible, but co-ordinating their work instead of having a multiplicity of efforts working at cross purposes.

BRITISH FARM LABOURERS AVAILABLE.

One of the most serious difficulties faced by the Canadian farmer today is the scarcity—in many cases the entire absence—of help in the farm house and on the land. Thousands of married farm labourers can be secured in England, Scotland and Ireland for Canadian farmers, who will provide them with a small house and garden plot, and permit them to keep a cow, pigs and some poultry. The British farm labourer, thoroughly trained in intensive Old Country methods, will thus have the opportunity of familiarizing himself with agricultural practice in this country. Thrifty in their habits, he and his wife will probably be able to lay aside a little money, and in the course of a few years set up for themselves as proprietary farmers on a farm of their own. The Association will prepare lists of farmers who wish to secure help on this basis, and put them in touch with British farm labourers desirous of coming to Canada.

URBAN SOURCES OF SETTLEMENT.

It will also be possible to inaugurate a considerable movement "back to the land" of experienced farmers now resident in the cities of Canada. Hundreds of urban workers trained on the land have put aside a little money, and will be glad, with assistance, to resume their former agricultural activities. The fact is, that the majority of Continental Europeans, now resident in Canadian cities, migrated to the Dominion with a view of tilling the soil. By force of circumstances they have drifted to the urban centers, and many of them would gladly return to the occupation from whence they sprang, if they only knew how. The Association is to aid in showing them the way.

SETTLERS AND LAND BOTH AVAILABLE.

There is, therefore, no doubt about the availability in large numbers of the right kind of settlers. The land also is available. Thousands of absentee owners of unoccupied lands along the railways are tired of paying heavy taxes and super taxes on these unproductive holdings, and would gladly dispose of their property at prices and on terms which would facilitate purchase by incoming settlers. This association is based on actual consultation with experienced land agents and with land owners who have expressed their readiness to list their properties on the long-term payment plan embodied in this National Land Settlement Scheme. The thousands of private individuals who own the unoccupied lands along the railways are unorganized, and therefore helpless to dispose of their holdings. The community is equally helpless in face of an unsolved problem. The nation suffers because many millions of acres of the most fertile and best-situated land in the country remains out of production. The immediate task is to bring these idle areas under the plough—to bring land owners and settlers together by means of a workable plan which will operate to their mutual advantage, and to the advantage of the whole Dominion.

JOINT ACTION NECESSARY.

Prairie homesteads accessible to transportation facilities are no longer available as an inducement to settlers willing to buy adjacent privately-owned lands, and as a magnet to draw experienced farmers from other parts of the world. Large blocks of land were once held by private speculators, who every endeavour to bring about their settlement. These extensive holdings have disappeared, together with the land companies which were largely responsible for Western Canadian settlement in the past. Public spirit must now take the place of profits. The incentive in these days must be furnished by a vigorous organization, which because of its soundness and public service can command the support of the community and Governments.

NEW MAGNET NEEDED TO REPLACE HOMESTEADS.

There must be, in addition, a new magnet to inaugurate a fresh flow of settlers from every available source. Such a lure will be provided by our offer of fertile lands close to railways, schools, churches, and other facilities on astonishingly easy terms. We can submit to the agriculturists of other countries a more open to them under the old homestead conditions. In short, it is proposed to place the immigrant in immediate possession of a productive farm on terms which will give him the option of taking thirty-two years to pay for it, if he so desires.

THIRTY-TWO YEAR PAYMENT PLAN.

In the Western Provinces alone upwards of twenty million acres of first-class agricultural land are available within ten miles of transportation. In the Eastern Provinces, particularly in Ontario, Quebec, New Brunswick and Nova Scotia—is also to be found an extensive acreage of good, unbroken land. In the older settled areas of all the Eastern Provinces there is still ample room for closer settlement and intensive farming. A certain number of improved farms are to be had on reasonable terms in old-established communities.

A NATIONAL SALES AGENCY. The Canada Colonization Association has been formed as a subsidiary of the Western Canada Colonization Association to carry on land settlement on this extended payment basis, and to act in an administrative and trustee capacity for both the private land owners and the incoming settlers. The Canada Colonization Association (like the Western Canada Colonization Association) is a national organization working for the good of the country, and the solution of its economic problems. It is a non-profit-making enterprise, and should there be any revenue in excess of operating costs, such surplus income will be devoted to the prosecution of the worthy national task for which the parent organization was created.

TERMS OF LAND LISTING AND SALE.

As already indicated, the chief business of the Canada Colonization Association will be to assist Governments, Railways and private land owners in finding settlers for the land listed in the prospectus. Vendor and the prospective settler together, and in completing the sale. Land in the Eastern Provinces will be sold upon varied terms, dictated by local conditions. Land in the Western Provinces will be sold on a thirty-two (32) year payment basis as follows:—

EXAMPLE—QUARTER SECTION.
32-YEAR SETTLER'S SALES AGREEMENT.
On Amortization Basis.
ACREAGE, 160. Total consideration, \$3,200.00.

TERMS: \$320.00 or \$2.00 per acre cash down, leaving a balance of \$2,880.00 due on principal.
No interest or principal will be payable the first or second year.

Interest for these two years at the rate of 6% will be added to the principal balance of \$2,880.00, making a total of \$3,225.60. Commencing with the third year this balance of \$3,225.60, with interest at six percent (6%), will be payable on a thirty (30) year amortization basis; that is, the entire amount of principal and of interest for the whole period will be spread over the whole thirty (30) years, and paid in fixed equal annual instalments of \$234.34 each, as follows:—

Year	Annual Principal Balance	Annual Interest Payment %	Annual Principal Payments	Annual Equal Payments
1.....	\$2,880.00	None	None	None
2.....	3,062.80	None	None	None
3.....	3,225.60	\$193.54	\$40.80	\$234.34
4.....	3,184.80	191.09	43.25	234.34
5.....	3,141.55	188.50	45.84	234.34
6.....	3,095.71	185.75	48.59	234.34
7.....	3,047.12	182.83	51.51	234.34
8.....	2,995.81	179.75	54.59	234.34
9.....	2,941.02	176.47	57.87	234.34
10.....	2,883.15	172.99	61.35	234.34
11.....	2,821.80	169.31	65.03	234.34
12.....	2,756.77	165.41	68.93	234.34

Year	Annual Principal Balance	Annual Interest Payment %	Annual Principal Payments	Annual Equal Payments
13.....	2,687.84	161.28	73.06	234.34
14.....	2,614.78	156.89	77.45	234.34
15.....	2,537.33	152.25	82.09	234.34

31.....	429.64	25.77	208.57	234.34
32.....	221.07	13.27	221.07	234.34

The purchaser reserves the right to pay any additional instalment or any multiple thereof on principal on any interest paying date, and interest shall cease on the amount so paid. If the purchaser exercises this right, the Vendor shall pay to the Canada Colonization Association one percent (1%) per annum the amount so paid for the unexpired years of the first ten-year period of the contract.

If, however, the purchaser exercises this privilege, he shall be entitled to a discount of five percent (5%) on the prepayments so made.

Under the contract the settler will be obligated to break up a reasonable acreage each year, and to improve the property that at the end of ten years it will carry a mortgage sufficient to pay off the Vendor.

FIVE YEAR Under this National Land Settlement LISTING. Plan owners of vacant land will list their property for a five year period. The sale price, fixed by the owners, will be good for two years, but the owner will have the option of adding taxes and interest at six percent (6%) each year thereafter that the land remains unsold. The owner may retain the right of independent sale to the actual settler and withdraw his listing once the settler is in occupation of the property.

As an inducement to the owners of land within fifteen miles of any railway line to list such property under our thirty-two year payment plan, they should be able to get their full contract price out of the property at the end of the first ten years, or in any subsequent year. In order to provide them with this incentive, the Canada Colonization Association will endeavour to arrange with existing mortgage corporations for the issue of mortgages covering the money still owing under the contract; or, the Canada Colonization Association may undertake the issue of debentures on mortgage security, so that the Vendor may be paid off at the end of the ten years.

SOURCES OF REVENUE The Canada Colonization Association shall sell the land to the settler at the same price, and on the same terms as listed by the Vendor. Unless otherwise agreed, the Vendor shall pay the Canada Colonization Association a cash commission of \$2.00 per acre out of the cash down payment and first instalments received from the settler. In addition thereto the Vendor shall pay as collected, one percent (1%) annual interest for eight years on the deferred principal consideration, which shall be the full compensation to be received by the Canada Colonization Association on account of inspection, sale, supervision, and such other services as may be rendered.

LAND AGENTS ON BOTH SIDES OF THE BORDER. So far as American immigration is concerned, the active co-operation of local land agents on both sides of the International Boundary is recognized as essential to success. These agencies must be re-established which will enlist their services in re-establishing a movement of population to Canada's vacant lands, similar to that which prevailed prior to the war.

THE AMERICAN LAND MAN. In the judgment of colonization experts who know the American field, it will be impossible without the assistance of these land men, to inaugurate a fresh flow of farmers to Canada. Years have passed since the American land agent withdrew his attention from this country, partly because of the practical disappearance of large corporations dealing in Canadian lands, and partly because the Canadian railways cut off his special transportation facilities. For a long time he has devoted his energies to the settlement of vacant areas in Texas and other Southern States. In the Canada Colonization Association there has been provided a machine which will draw the American land agent back into the Canadian field on a commercial basis.

PROPOSED INDUCEMENT. In order to create an effective land selling organization, the American agent who finds the prospective purchaser must accompany him to Canada, assist in showing the property, and completing the sale. If the land agent has to pay the existing high railway rates, he will be unable to go with the land seeker into Canada. The Canada Colonization Association will make a rebate of the American Agent's fare to the Canadian border, and it is proposed that the Canadian Railways grant to every such agent in charge of two or more bona fide settlers a pass, or the equivalent thereof in money, from the Canadian border to the point of destination in Canada, and return. Given such concession, the land men in the United States will be willing to work for a commission of \$1.00 an acre on land actually sold to settlers originated by them.

THE LOCAL CANADIAN LAND MAN. The active co-operation of the local Canadian land man is also necessary. He is familiar with the conditions in his district, and is in a position to assist expeditiously in showing lands to prospective settlers. For this service he will be paid a commission of 50 cents per acre on all land actually sold, partly through his instrumentality.

The gross revenue of the Canada Colonization Association will consist of the \$2.00 per acre commission on land sales, and a 1% interest for 8 years in land contracts. The payment of \$1.00 per acre to the American land agent and 50c to the local agent will leave 50c per acre, together with the revenue received from the 1% interest charge for overhead administration expenditures.

LAND AND SETTLERS CAREFULLY SELECTED. The Inspectors of the Canada Colonization Association will devote a portion of their energies to the careful and wise selection of both the lands to be occupied and of the settlers to be located. Besides subjecting the lands listed for sale to close scrutiny, as regards their fertility, and their proximity to transportation, and other facilities, these officials will have the final voice in selecting applicants for inclusion in the land settlement plan.

The Canada Colonization Association will, moreover, act as an intermediary between the Vendor and the settler. It will protect the interests of both. Its inspectors will keep a watchful eye on the Vendor's property in the hands of the settlers. It will endeavour to assist the settler in tiding over lean years by getting the Vendor to consent to postponements of principal

and interest payments. On the other hand, in cases where the settler wholly and finally fails to live up to his agreement, the Association will turn back the land to the Vendor. In such cases, however, the Association will exert its utmost efforts to secure a new and satisfactory settler for the property thus vacated. These activities on the part of the Association's inspectors will tend to impart a sense of security to the private owners who have sold their land, so that other property owners will be encouraged to dispose of their vacant holdings through the same channel.

At the outset the Association will endeavour to settle a number of carefully-selected, well-situated districts—the area thus covered to be gradually expanded as the rising number of incoming settlers warrants.

THE QUESTION OF FINANCE. The Western Canada Colonization Association will finance the Canada Colonization Association for the initial period of its operation and until its own activities bring in sufficient revenue to meet selling and administrative costs.

THE RAILWAYS. It will be greatly to the advantage of the Canadian Railways to grant radically reduced transportation rates for settlers and settlers' effects bound for Canadian farms. The railways will be the first interest to benefit from a new influx of farmers, a single one of whom, according to a high authority, is worth \$724.00 per annum to the transportation companies. If the vast idle areas close to the companies' lines are brought under cultivation the railways will greatly increase their earnings, and so be able to carry out necessary maintenance work, and generally recover the ground lost since 1913, largely through the stoppage of immigration by the war. It should not be forgotten that but for the war the population of Canada would be two or three millions larger than it is today. In the light of such considerations the railways are to (1) Co-ordinate their immigration activities with those of the Association; (2) Provide special transportation rates for settlers, settlers' effects and colonization agents; and (3) Place representatives on the Board of the Association.

THE DOMINION GOVERNMENT. The Dominion Government is vitally interested in the development of a progressive colonization policy. Several months ago, the Rt. Hon. W. L. Mackenzie King appointed Hon. Charles Stewart, Senator Dandurand, and Senator Bostock, and Hon. T. A. Low a committee of the Cabinet on Immigration. Mr. Stewart and his colleagues have given much study to the subject and have held numerous conferences with their Departmental experts and the officials of the Canada Colonization Association, with a view to formulating a co-ordinated land settlement policy which would solve the vacant land problem and meet the needs of the whole country. As a result of these conferences the Federal Government will take the leading part in the present co-ordinated land settlement plan, and will (1) Maintain and extend its agencies in Great Britain, the United States and other countries to provide an increasing flow of selected settlers to Canadian farms, and (2) Carry on an effective advertising campaign for agricultural settlers in Great Britain, the United States and other approved countries.

THE PROVINCIAL GOVERNMENTS. The Provincial Governments stand to benefit materially from such a movement of population as it is proposed to inaugurate. From the standpoint of revenue alone they are naturally desirous of increased population. The greater the number of producing farmers, the easier it will be to finance important roads, railroads, telephones, schools, churches, and other instruments of civilization. Legislators have long deplored the burden imposed upon their Provinces by the millions of acres of privately owned land along the railways held out of production by absentee owners. The Provincial Governments recognize the need of some such national plan as that herein outlined to bring the idle areas under the plough. For these reasons it is proposed that the Provincial Governments (1) Assist in selecting suitable districts for settlements, and (2) Use their District Agricultural Representatives in giving expert advice to new settlers.

THE IMPERIAL GOVERNMENT. The Imperial Government, acting through the Overseas Settlement Board, will financially assist the Canada Colonization Association in caring for British settlers until they become thoroughly established as successful farmers.

THE CANADA COLONIZATION ASSOCIATION. The Canada Colonization Association was created to meet a need of the times. Business men in the West and the East alike realized the necessity of a largely increased population on the land as a direct means of solving the country's economic problems. They recognized that there were some aspects of colonization work which could not be dealt with by Government action, and that a national organization, run by private contributions and non-profit sharing in character, was required to co-ordinate all available immigration forces. The originally contemplated working capital of \$1,500,000 has been largely over-subscribed. The revenue to be derived from commissions and collections to be paid by land owners on the sale of their farms in the next ten years, it is estimated, provide the Association with between \$30,000,000 and \$40,000,000—an income which will enable it to carry on the business of actual land settlement and welfare work on behalf of the settlers on a scale commensurate with the needs of the country. The Association will immediately establish a national welfare organization for the benefit of incoming settlers. The cost of this particular branch of the work will be borne jointly by the Imperial Government, the Federal Government and the Association. Immigrants will be received at ports of entry, and community clubs will be established throughout the several provinces, with one General Supervisor for the West, one General Supervisor for the East, Provincial Supervisors and Local Secretaries. Each of these local community clubs will:—

- Prepare a chart of its particular district which will indicate occupied and unoccupied farms, together with their proximity to highways, railways, railway stations, churches, schools, telephone lines, and other sources of civilization. The chart will also show the number of settlers in the district, their nationality, and their location in regard to each listed vacant farm.
- Assist the officials of the Canada Colonization Association in securing listings of land.
- Report on vacant lands and land valuations in each district.
- Induce local farmers to write their friends "back home," and inform them of the advantageous opportunities for land settlements in their neighborhoods.
- Welcome incoming settlers on their arrival, provide them, where necessary, with temporary accommodation, and generally lend them a helping hand until they get established.
- Organize barn-raising and plowing bees amongst local farmers to assist newly-arrived settlers.
- Report on settlers desirous of "moving out" with a view to directing them into districts more adapted to their requirements, and thus retaining them in the country.
- Assist the Canada Colonization Association in studying local agricultural conditions.
- Compile authentic records regarding local crop production for use in inducing settlement.
- Report to the Canada Colonization Association when any local farmer is about to visit his original home, with a view to utilizing his services in spreading the gospel of agricultural opportunities to be found throughout Canada.
- Promote a strong British and Canadian settlement throughout the Provinces, and assist in Canadianizing foreign-born settlers.

Owners of vacant agricultural land within fifteen miles of railways in the Western Provinces are requested to list their properties immediately with the Canada Colonization Association, Bank of Hamilton Building, Winnipeg

Terms of listing in the Eastern Provinces will be announced at an early date.

THE CANADA COLONIZATION ASSOCIATION

COLONIZATION PLAN TO GO INTO EFFECT

(Continued from page 12.)
Minister of Immigration, Honorable Charles Stewart, and the Immigration Committee of the Cabinet, including Senator Dandurand, Senator Bostock and Honorable T. A. Low, have all participated. As Minister of the Interior and of Immigration Mr. Stewart has, of course, taken a leading part in the laying down of the principles underlying the colonization policy, now given to the public.

At recent meetings of the Eastern and Western Boards of the Western Canada Colonization Association, it was decided to proceed immediately with the creation of an active organization to carry out the policy thus decided upon. The chief executive officers have been selected and the machine should begin to function within the next few days.

The outstanding features of today's communication from the Western Canada Colonization Association may be summarized as follows:

(1) The Problem is the Restoration of National Prosperity.
(2) The Solution lies in an extensive Land Settlement Movement.
(3) The settlers are available in Great Britain, in the United States, in other approved countries, and in Canadian urban centres.

(4) Millions of acres of fertile, well-situated lands are available close to existing railway lines.
(5) The movement will include none but carefully selected settlers, who will be conducted directly to the land and be so looked after that they will not drift to the cities.

(6) The full amount of working capital originally contemplated by the Colonization Association, viz., \$1,500,000, has been over-subscribed.
(7) The activities of the Colonization Association are to extend beyond the three prairie provinces originally included, so as to embrace every province of the Dominion.

(8) The organization will function under a Board of Directors thoroughly national in character, which will delegate large powers to one small operating committee for Western Canada, and to a second small operating committee for Eastern Canada.
(9) The head office for Eastern

COL. J. S. DENNIS,
Commissioner of Colonization and Development, Canadian Pacific Railway, who has been constantly consulted regarding the co-ordinated Land Settlement Plan.

Canada will be located at Ottawa, and that for Western Canada at Winnipeg.

(10) The plan published to-day has been approved by the Imperial Government, the Dominion Government, the Canadian Railways and the joint boards of the Colonization Association.

(11) The plan co-ordinates the immigration activities of the Imperial Government, the Dominion Government, the Provincial Governments, the Canadian Railways, private land agencies and the Colonization Association.

(12) It is estimated that the working out of the plan will involve the expenditure by the Canada Colonization Association alone of \$30,000,000 to \$40,000,000, within the next five or ten years. The major portion of this fund will be available from commissions earned on the sale of privately-owned lands.

(13) It is calculated that a minimum of ten million acres of vacant land will be settled within the next five to ten years.

(14) Incoming settlers will be located only in carefully-selected, fertile districts, close to existing railway lines and other facilities of civilization.

(15) Land in the Western Provinces is to be sold on a 32-year payment basis, and in the Eastern Provinces on terms which will be governed by local conditions and other considerations.

(16) Owners of vacant land throughout the country will at once be invited to list their lands with the Colonization Association for sale on a long-term basis.

(17) Local landmen in Canada and the United States will be paid reasonable commissions as a commercial incentive to put all their energies behind an extensive immigration movement.

(18) Canadian land agents, all over the country, will be employed in

MR. HOWARD EVERETT,
Appointed Western General Manager of the Canada Colonization Association. Mr. Everett was formerly President of the Lase Land and Development Company, which settled over 1,000,000 acres of Western Canadian land.

showing lands to prospective settlers and in closing or assisting to close sales.

(19) By the time the snow flies several hundred American land agents will be engaged in drumming up settlers for the Western Provinces.

(20) The Canadian Immigration movement, which has been greatly expanded and gingered up,

so as to obtain a largely-increased share of British and other European agriculturists suitable for settlement in this country.

(21) Honorable Duncan Marshall, Federal Commissioner of Agriculture, and formerly Minister of Agriculture for Alberta, will shortly tour the British Isles, speaking in support of British agricultural migration to the land in Canada, and explaining the welfare work to be carried on on behalf of British settlers in Canada.

(22) To each of the participants in this joint national effort a special function is assigned.

(23) The Canada Colonization Association will—

(a) List land for sale.
(b) Assist the Government in securing settlers from Great Britain, the United States and other countries.

(c) Act as a national land selling agency in bringing settlers and vendors together.

(d) Set up a national welfare organization, embracing local com-

munity clubs, to care for incoming settlers until they become thoroughly established as successful farmers.

(e) Direct the movement of British farm laborers to Canada, where they can in time become proprietary farmers.

(f) Promote an extensive movement of British boys to Canadian farms, and

(g) Encourage the migration of British women to Canada for employment on farms and in domestic service.

(24) The Imperial Government will assume a liberal share of the cost of the welfare work to be carried on in Canada on behalf of incoming settlers.

(25) The Dominion Government will—
(a) Rejuvenate and extend the immigration agencies abroad, in order to stimulate the flow of qualified agricultural settlers to Canada.
(b) Employ a large number of active field men abroad, and
(c) Carry on a widespread public-

ity campaign with this end in view.

(26) The Provincial Governments are asked to—
(a) Assist the Colonization Association in selecting suitable districts for settlement.
(b) Assist in directing settlers through the instrumentality of the district Agricultural Representatives during the initial period of their pioneer careers, and
(c) Provide the Colonization Association with literature regarding the agricultural attractions of the respective provinces.

(27) The Canadian Railways are to co-ordinate their colonization activities with those of the Colonization Association, and also provide special transportation rates for settlers and settlers' effects and colonization agents.

The negotiations with the Imperial Government, the Dominion Government, the Canadian Railways, and other organizations, have been carried to success under the leadership of Mr. M. A. Brown, Vice-President, and Mr. F. D. L. Smith, Director and Secretary-Treasurer of the Western Canada Colonization Association.

Sir John Willison has been appointed President of the Association. Mr. Howard Everett, for many years President of the Lase Land & Development Company, which has colonized over a million acres in Western Canada, is to be the Western General Manager.

Dr. George C. Creelman, for seventeen years President of the Ontario Agricultural College at Guelph, and later Agent-General for Ontario in London, is to have supervision over all operations in the Eastern Provinces.

Husbands are indispensable for lifting things on to top shelves, carving, and threatening the children.

When it was decided to open in the new location, 1208 Douglas Street, orders were placed which immediately set manufacturers to work to deliver a complete NEW STOCK and deliver it ON TIME for the opening of the new store on or about the 2nd of October.

The present stock saves YOU money and saves US moving. Besides, it's both to YOUR interest and ours to have nothing but the NEWEST when the new store opens.

WHY Cathcart OPENS New Store WITH New Stock

Most stores when making a change of location announce a "REMOVAL SALE." Cathcart's announcement was DIFFERENT. A complete CLOSING OUT Sale was announced, and that's EXACTLY what it means. No shoes are to be moved if it is humanly possible to SELL them.

When it was decided to open in the new location, 1208 Douglas Street, orders were placed which immediately set manufacturers to work to deliver a complete NEW STOCK and deliver it ON TIME for the opening of the new store on or about the 2nd of October.

Closing Out

The present stock saves YOU money and saves US moving. Besides, it's both to YOUR interest and ours to have nothing but the NEWEST when the new store opens.

They Fit Better
Feel Better — Last Longer

"LITTLE Darling" and "Little Daisy" stockings
fit better because they are knit by a perfected process of our own.

They feel better because they are made from the most wonderful yarn in the world—yarn made from the silky Australian lambs' wool.

They last longer because they are reinforced and closely knit.

"Little Darling" are made for infants up to seven. Silken toe and heel.
"Little Daisy" are made for youngsters of all ages. Toes and heels are reinforced.

Either can be had in any of a pleasing variety of dainty shades or black. On the market for twenty years, their quality has built up a huge demand and they are sold in every good store.

COMEDY FABLES ORCHESTRA

WATER BABIES.

"Bebe" Blackburn, who is three and a half and may be noticed by her happy smile and blonde curls, has been engaged for a new Christie Comedy house-boat story. The new movie youngster dives and swims under water just like a little mackerel. If you don't believe it, you'll have to see the picture. "The

kiddle knows more about water and how to get around in it than many a bathing girl of twenty-five summers.

Lloyd Hamilton has found a very pretty and able successor to Irene Dalton as his leading lady in Ruth Hiett, the young classic dancer. So impressed was the comedian with Miss Hiett's possibilities, although she had never appeared before in a motion picture comedy, that he entrusted her with the leading feminine role in the first picture he has made as an independent producer. This film, "The Speeder," has just been finished, and Educational will release it in September. Miss Hiett, who likes comedies despite her dramatic aspirations, made good in her first Hamilton comedy, and as soon as work was completed on "The Speeder," she was engaged for the second picture of the series.

BARTHELMESS IS NOW AT ROYAL

Drama of Motherless Manhood to Be Presented

When "Broken Blossoms" appeared we hailed Dick Barthelmess, the actor. With "Tolable David" we acclaimed a new star. But with "Sonny," his latest picture which opened to-day at the Royal Victoria Theatre, we announce the arrival of an actor of unsurpassed ability in portraying human beings as they are with intense sincerity, genuine feeling and unaffected but unexcelled emotion.

"Sonny" stands as America's tribute to the after-the-war regeneration; but it is something finer and far nobler than a mere attempt to play upon emotions. The story is human in conception and realistic in execution. When Joe Peters, the double of his dead buddy in France, takes the latter's place in the Westchester mansion to keep up the deception for Sonny's blind mother, he is awed for the first time by the wonderful influence of the mother love he had never known.

From that starting point the picture reveals possibilities for human sentiment and narrative appeal that have never before been realized upon the screen and supplying the keynote to this atmosphere is the powerfully convincing interpretation given the part by Barthelmess. Of course you realize that the deception cannot last forever; but the awakening, even when you expect it, is so unusual and so genuine in its naive charm that it brings a tug at the heart strings that have grown taut with disuse.

Pauline Garon lends the star excellent support, and Patterson Dial, previously seen with Barthelmess in "The Seventh Day," contributes a very fine role. Nor must mention be omitted of the two clever canine actors: Lassie and Wagles. The former you'll doubtless recall as the colic of "Tolable David."

"Sonny" cannot be summarized as a "corking good picture." It is more

AMUSEMENTS TO-DAY

Royal Victoria—"Sonny."
Capitol—"The Bonded Woman."
Dominion—"Nice People."
Columbia—"Without Fear."

than that. It is the drama of motherless manhood for all times. "Sonny" was directed by Henry King from the George Hobart stage play. It is a First National attraction.

BETTY COMPSON ON SCREEN AT CAPITOL

"The Bonded Woman" is Story of the Hawaiian Islands

Want to go to the South Sea Isles? Nearly everybody does, since reading the books of Frederic O'Brien, W. S. Maugham and others. Patrons of the Capitol Theatre will find themselves carried away to this romantic region when they see Betty Compsen in "The Bonded Woman," her latest Paramount picture which opens to-day for a run of six days.

In this offering, the South Pacific archipelago is shown at its best, with enough of its worst to make the drama. Miss Compsen, as Angela, goes to a dive in Honolulu to rescue the man she loves. This is a colorful scene, with dancing girls, sailors and natives, and pictures Hawaii as most people fancy it. But fate, and the girl's wish, then remove the pair to a barren deserted island, where the denouement takes place.

Miss Compsen is supported by a very fine cast, including Richard Dix, John Bowers, J. Farrell MacDonald, Ethel Wales, William Moran and others. "The Bonded Woman" is based on a story by the late John Fleming Wilson, which was adapted to the screen by A. S. LeVine, Philip E. Rosen directed and James Van Trees photographed.

"NICE PEOPLE" HAS A STRONG MESSAGE

New William de Mille Picture, However, Is Anything But Sermon

Cocktail drinking, promiscuous flirting, "crap shooting" and the wearing of daring feminine clothes, used to mark the doers as "fast." But not in this day of "jazz." Nowadays really "nice people" do all these things without censure.

The danger of this attitude, with particular reference to young girls, forms the theme of "Nice People," William de Mille's latest Paramount picture which comes to the Dominion Theatre all this week.

"Nice People" isn't a sermon. It's a particularly entertaining story with a fascinating romance and real dramatic power. But with these it carries a powerful theme directed against the attitude of a large portion of modern society.

An all-star cast headed by Wallace Reid, Bebe Daniels, Conrad Nagel and Julia Faye, portrays this story which was adapted by Clara Beranger from Rachel Crothers' play of the same name.

FOX PICTURE AT COLUMBIA THEATRE

"Without Fear" Features Robert Elliott Here This Week

If you had made \$1,000,000 overnight how would you feel? How would you like to feel? Would you be the same the day after you made the million as you were the day before? Would you want to hobnob with the same old friends? Would you go around to Jim's room and still take as much delight in penny ante, or would you feel that you wanted to tie up with some fellows who had money and make the limit—say \$25?

Of course, you'd keep your old sweetheart—men usually do share their good luck with their sweethearts. But how about your old sweetheart's friends? Could she still go to Alice's little flat and talk about

the things that Alice, not having a millionaire sweetheart, would have to talk about?

We all have ideas on this subject. And we all, at some time or life, wish we had a million. But few of us can realize what the possession of \$1,000,000 would mean in our daily life. Robert Elliott, leading man in the William Fox picture "Without Fear," now being shown at the Columbia Theatre, had to think about these things, because he had to act the part of a man who had become a millionaire overnight.

"I came to the conclusion, after

finishing work in "Without Fear," that I didn't want to make a million overnight," declared Elliott in the Fox New York studios. "Just think what that would mean to a man with a circle of friends and a modest income. To my mind, \$1,000,000 would change a man so much that he would have to cultivate new friends in circles possessing wealth. I don't believe it is possible for a man who, say, has a bank account of \$5,000 to \$10,000 to acquire suddenly \$1,000,000 and go about as he did when he had only the \$5,000 or \$10,000.

"A man with \$1,000,000 wouldn't

want to live his old life. Why should he? He is in a position where he can have a better home, more luxuries, a city automobile, a yacht, a Summer home. So you see he would have to change—and his old friends couldn't change with him.

Some might say, 'Well, if I had \$1,000,000 I would not work.' But the life of life would depart from me if I didn't work."

Carlo Williams, Vitaphone star, is

erred in the California State golf

to rnament, to be held on the Del

nte course, near San Francisco.

Canadian sterling, \$4.47-2.

London bar silver, 35½d.

RAIL GROUPS

CONTINUE FIRM

(The Burdick Bros., Ltd.)

New York, Sept. 11.—The reports of the

anthracite miners returning to-day and a

normal coal output being expected within

a week, coupled with other news of a col-

lapse in the coal trade, have resulted in a

firm opening, particularly in a railroad

department, but a desire to take some

profit on the rise in evidence and consid-

able selling spread throughout the general

market was in evidence. The railroad

group, although General Motors registered

the previous year's high, accompanied by

the talk of the resumption of its dividend

in the near future, in reference to the

equipment large order, continue to be

placed, and the steel group, which has

been watching the latter un-

favorably, feel that the tonnage incre-

ment in the steel industry, of over 1,500,000

tons is an indication of what is to come

when difficulties are at an end. The

apex of strength in specialties is likely to

continue the feature of dealings.
